NORTH CAROLINA ADMINISTRATIVE CODE CLASSIFICATION SYSTEM

The North Carolina Administrative Code (NCAC) has four major subdivisions of rules. Two of these, titles and chapters, are mandatory. The major subdivision of the NCAC is the title. Each major department in the North Carolina executive branch of government has been assigned a title number. Titles are further broken down into chapters which shall be numerical in order. The other two, subchapters and sections are optional subdivisions to be used by agencies when appropriate.

FIRST IN AMERICA: A GOAL FOR NORTH
CAROLINA'S SCHOOLS**

WHEREAS, the young people of North Carolina must be educated and equipped to compete with anybody anywhere and capable of outworking and outthinking our competitors across the nation and around the world in the 21st Century economy; and,

WHEREAS, our children must start school healthy and ready to learn, attend good, well-built, well-equipped and safe schools, have caring, committed, excited, and inspiring teachers every year, earn high school diplomas that mean they can think for a living, go to college and acquire the skills and knowledge they'll need to get a good job, have a good career, be good citizens and provide good lives for their families; and

WHEREAS, North Carolina's elected officials, business and education leaders, teachers, parents, and all citizens are committed to excellence in education and making "First in America" a goal for North Carolina's Schools.

NOW, THEREFORE, by the power vested in me as Governor by the laws and Constitution of North Carolina, IT IS ORDERED:

The Education Cabinet shall invite the adjunct member representing the independent colleges and universities to participate in its deliberations. These goals will set out what it will take to be First in America by 2010 and will include these measures of true excellence in education:

- 1st. Getting young children ready to start school healthy and ready to learn.
- 2nd. Putting in rigorous academic standards.
- 3rd. Ensuring that teachers are trained in the subjects they teach.
- 4th. Requiring all teachers to undergo stringent evaluations throughout their careers.
- 5th. Turning around schools where students aren't learning.
- 6th. Enforcing tough discipline policies.
- 7th. Requiring meaningful high school graduation exams.
- 8th. Getting parents, businesses and communities involved in schools.

our state that gives parents and taxpayers information on test scores, school safety, graduation rates, teacher qualifications and related data that will tell us how we're doing and whether we're on track to be First in America by 2010.

Section 2. The State Education Commission will develop implementation strategies for each of the education sectors to assist the Education Cabinet in reaching the First in America Goals.

The State Education Commission, consisting of the Board of Governors of The University of North Carolina, the State Community College Board, and the State Board of Education, will review the First in America by 2010 Goals developed by the Education Cabinet and develop implementation strategies and time lines for each of the sectors and submit them to the Education Cabinet for approval by July 1, 2000.

Section 3. The North Carolina Research Council will design a State Education Report Card, track progress and issue an annual progress report.

The North Carolina Research Council, under the direction of the Education Cabinet and in cooperation with the Education Commission, will design a state education report card, track progress and issue an annual progress report. Albert M. Benshoff, Esq.
City Attorney
P.O. Box 1388
Lumberton, North Carolina 28359

Dear Mr. Benshoff:

This refers to the November 9, 1998, annexation and its designation to Ward 1 for the City of Lumberton in Robeson County, North Carolina, submitted to the Attorney General pursuant to Section 5 of the Voting Rights Act, 42 U.S.C. 1973c. We received your submission on December 14, 1998.

The Attorney General does not interpose any objection to the specified changes. However, we note that Section 5 expressly provides that the failure of the Attorney General to object does not bar subsequent litigation to enjoin the enforcement of the changes. See the Procedures for the Administration of Section 5 (28 C.F.R. 51.41).

Sincerely,

Elizabeth Johnson
Chief, Voting Section

A Notice of Rule-making Proceedings is a statement of subject matter of the agency's proposed rule making. The agency must publish a notice of the subject matter for public comment at least 60 days prior to publishing the proposed text of a rule. Publication of a temporary rule serves as a Notice of Rule-making Proceedings and can be found in the Register under the section heading of Temporary Rules. A Rule-making Agenda published by an agency serves as Rule-making Proceedings and can be found in the Register under the section heading of Rule-making Agendas. Statutory reference: G.S. 150B-21.2.

TITLE 15A - DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES

CHAPTER 3 - MARINE FISHERIES

***Notice of Rule-making Proceedings** is hereby given by the NC Marine Fisheries Commission in accordance with G.S. 150B-21.2. The agency shall subsequently publish in the Register the text of the rule(s) it proposes to adopt as a result of this notice of rule-making proceedings and any comments received on this notice.*

Citation to Existing Rules Affected by this Rule-Making: *15A NCAC 3. Other rules may be proposed in the course of the rule-making process.*

Authority for the rule-making: *G.S. 113-134; 113-182; 113-182.1; 143B-289.52*

Statement of the Subject Matter: *The Marine Fisheries Commission will consider adoption of temporary rules which implement temporary management measures that are necessary to ensure the viability of the river herring fishery while the river herring fishery management plan is being developed.*

Reason for Proposed Action: *The Marine Fisheries Commission's guidelines for preparing Fishery Management Plans require that species designated as stressed-declining or depressed on the NC Division of Marine Fisheries Stock Status Report be priority species for development of Fishery Management Plans. The updated Stock Status Report lists river herring as depressed in the Albemarle Sound area and unknown for the other systems. Consequently, a provisional plan is required within 90 days of the issuance of the Stock Status Report.*

Comment Procedures: *Written comments may be submitted to the Marine Fisheries Commission, Attention: Juanita Gaskill, PO Box 769, Morehead City, NC 28557. The Marine Fisheries Commission will consider adoption of temporary rules at a Marine Fisheries Commission Meeting to be held February 24, 1999, at the Beaufort County Community College at 4:00 p.m.*

The Codifier of Rules has entered the following temporary rule(s) in the North Carolina Administrative Code. Pursuant to G.S. 150B-21.1(e), publication of a temporary rule in the North Carolina Register serves as a notice of rule-making proceedings unless this notice has been previously published by the agency.

(c) ~~If the Division Director decides to review the hearing officer's decision, In conducting the review, the Director reviewing official shall send the written notification to both parties and allow the submission of additional evidence as required by Sec. 102(c) of the Rehabilitation Act of 1973 (as amended by the Rehabilitation Act Amendments of 1998, 34 C.F.R. 361.48(c)(2)(iv) and (vii), P.L. 105-220).~~ The written notification shall be given to the applicant or client personally or by certified mail. If given by certified mail, it shall be deemed to have been given on the delivery date appearing on the return receipt.

- (1) the amendments require that the procedures enable a party in an appeal to seek a review of a hearing officer's decision by the head of the designated State Agency (the Department of Health and Human Services) or an official of the Governor's Office. Previous federal law permitted a review of the hearing officer's decision by the Division Director upon his own discretion.
- (2) the amendments also specify that court review of decisions may be sought by bringing a civil action in any State Court of competent jurisdiction or any district court of the United States of competent jurisdiction. The previous federal law did not address judicial review.

(b) ~~(d)~~ The ~~Division Director's decision to review the hearing officer's decision~~ reviewing official's review shall be based on the following standards of review:

TITLE 1 - DEPARTMENT OF ADMINISTRATION

CHAPTER 5 - PURCHASE AND CONTRACT

SUBCHAPTER 5A - DIVISION OF PURCHASE AND CONTRACT

SECTION .0100 - GENERAL

.0101 RESPONSIBILITY

The Department of Administration is responsible for administering the State's program for the acquisition, management, and disposal of personal property, as well as the acquisition of services for its agencies. The Secretary of the Department of Administration (Secretary) is authorized and responsible for adopting and carrying out the rules promulgated herein. The administration of this program is

delegated to the State Purchasing Officer (SPO) who reports to the Secretary.

Eff. February 1, 1976;
Readopted Eff. February 27, 1979;
Amended Eff. April 1, 1999; February 1, 1996; July 1, 1987.

.0108 FORMS: PROCEDURES: TERMS AND CONDITIONS

The Division of Purchase and Contract establishes procedures for acquiring commodities, printing and services and prescribes forms, consistent language, terms and conditions and advertisement requirements, applicable to all agencies for such action. The procedures, forms, consistent language, terms and conditions and advertisement requirements shall be established taking into consideration market conditions and trends, legal requirements, and factors determined to be in the State's best interest. These shall be furnished to all agencies.

Readopted Eff. February 27, 1979;
Amended Eff. April 1, 1999; May 1, 1988.

SUBCHAPTER 5B - PURCHASE PROCEDURES

SECTION .0200 - SPECIFICATIONS

.0201 TYPES OF SPECIFICATIONS

There shall be two general types of purchase specifications. A standard specification shall be originated and developed by the Division of Purchase and Contract. It shall be comprehensive in nature and intended for repeated use. The other type of specification shall be originated by the user and modified as necessary to accomplish the intent of the rules of this Subchapter. Other type specifications may be used, including, but not limited to, "brand name or equal" or "brand specific".

History Note: Authority G.S. 143-49(2); 143-53;
Eff. February 1, 1976;
Readopted Eff. February 27, 1979;
Amended Eff. April 1, 1999; February 1, 1996.

.0203 DEVELOPMENT OF SPECIFICATIONS

(a) A standard specification is intended for general use, applicable insofar as practicable to the needs of agencies and kept current by the Division of Purchase and Contract. In formulating such a specification, advisory committees made up of personnel from various agencies and the private sector may be employed for advice and assistance. This type of specification may be offered also for the review and comments of manufacturers and suppliers who may participate in future bidding on the items in question.

(b) North Carolina's purchasing program shall be built on

the principle of competition. Purchasers shall seek competitive offers, except as may be permitted by statute or rule, from qualified and responsible sources of supply. Where competition is available, every purchaser shall use/write specifications and requirements that are reasonable to satisfy the need, but not unduly restrictive, which shall encourage competition in the open market and result in the best possible contract for the commodity, printing or service needed.

Eff. February 1, 1976;
Readopted Eff. February 27, 1979;
Amended Eff. April 1, 1999; February 1, 1996.

.0206 SUBMISSION FOR ADOPTION

Upon completion of all necessary studies, reviews and drafts, any proposed standard specification shall be submitted to the SPO for consideration. When a specification is adopted as a standard, it becomes applicable to agency purchases generally. A standard specification may be modified by the Division of Purchase and Contract on an interim basis as deemed necessary or advantageous until such time as the SPO can consider the proposed revision.

Eff. February 1, 1976;
Readopted Eff. February 27, 1979;
Amended Eff. April 1, 1999; February 1, 1996; July 1, 1987.

.0208 QUALIFIED PRODUCTS LIST

A qualified products list (QPL) is a type of specification which may be adopted as a standard by the Division of Purchase and Contract. The essential characteristic of this procedure is the examination and prequalification of brands and models of products on the basis of samples and tests. The prequalification limits offers to products included on the list (QPL). Manufacturers may submit products for evaluation and inclusion on the list. Sources for manufacturers are the Division's active bidder mailing lists, if available, and notifications of interest received in advance from other firms. The Division may impose a deadline for submission of samples. If a product is added to the list, it is then eligible to be offered in response to a solicitation document.

(b) An unexecuted offer or an offer without a delivery time shall be rejected.

(c) During the period of evaluation and prior to award, only the information provided in the tabulation is public record. Possession of offers, including any accompanying information submitted with the offers, shall be limited to persons in the agency who are responsible for handling the offers and accompanying information, and to others determined necessary by the agency which issued the solicitation document, for the purpose of evaluation and award of contract. Offeror participation in the evaluation process shall not be permitted. Any communication with an offeror that may be necessary for purpose of clarification of its offer shall be conducted by the agency which issued the solicitation document. (b) For the purpose of Subchapters 5A and 5B of this Chapter, a solicitation document is defined as a written Request for Quotes (RFQ), RFP or an IFB.

(c) All agencies shall use the IFB or RFP document, whichever is applicable, when soliciting competition on contracts valued over twenty five thousand dollars (\$25,000). The IFB and RFP solicitation documents used by agencies shall require bidders or offerors to certify that each bid or offer is submitted competitively and without collusion.

.0316 ADVERTISEMENT REQUIREMENTS

(a) Unless already required by statute, all advertisements required by rule shall be through the Division of Purchase and Contract via the Division's home page on the internet. If advertisement is required by rule, the solicitation shall be advertised at least once and at least 10 days prior to the date designated for opening. This Rule does not prevent solicitation of offers by additional direct mailings or additional advertisement by an agency.

(b) Agencies required by rule to advertise their solicitations shall electronically transmit the required data directly to the Division's home page. The required data shall include the complete solicitation document (specifications, requirements, terms and conditions, etc.), with agency name, buyer name, phone number and address for accessing hard copies of the solicitation, solicitation identification number, title (a short description of the commodity, service or printing requirement), and the opening date, time and place. If the solicitation requires potential offerors to attend a mandatory conference or mandatory site visit, this information shall also be furnished with the advertisement, to include date, time, location, contact person and the contact person's phone number.

(c) Within three agency working days from the award of a contract that has been advertised through the Division, agencies shall electronically transmit an award notice directly to the Division's home page on the internet. The award notice shall be posted for at least 30 consecutive calendar days. This award notice shall identify the contract and award information.

(d) Exceptions to this Rule are as follows:

- (1) When it is deemed by the agency's executive officer or the officer's designee that there is a valid reason for the agency not to transmit the advertisement or award notice electronically, that agency may submit the data to the Division, so the Division may transmit it electronically, or the agency may place the advertisement (excluding the complete solicitation document) via newspaper. If advertised via newspaper, the agency which issued the solicitation document shall be responsible for the advertisement and the award notice shall not be required. Some valid reasons include computer equipment failure, networking difficulties, or insufficient copies of samples for a printing job.
- (2) If there is an attachment to a solicitation that the agency determines will not be electronically transmitted, then the solicitation document, when it is electronically transmitted, shall include instructions to contact the agency which issued the solicitation to obtain the attachment.
- (3) If an agency determines that it is not feasible to electronically transmit a particular solicitation document through the Division's home page, then the agency shall electronically transmit a summary notice in the same way as if it had electronically transmitted the solicitation document. The summary

notice will instruct anyone inquiring about the solicitation on the Division's home page to contact the agency for a hard copy.

.0317 MANDATORY CONFERENCES/SITE VISITS

(a) It is recommended, except in unusual cases, for agencies only to urge and caution potential offerors to attend scheduled conferences or site visits.

(b) When a solicitation requires potential offerors to attend a mandatory conference or mandatory site visit, the date, time, location, and other pertinent details of the conference or site visit shall be given in the solicitation document, and in the advertisement (if required by rule).

(c) If only one potential offeror attends the mandatory conference or mandatory site visit, the conference or site visit may continue to be conducted, but the solicitation shall be canceled immediately following the conference or site visit. If this occurs, the agency shall investigate why only one potential offeror was in attendance and ascertain if there is any competition available. If it is determined that competition is available, the agency shall again attempt to obtain competition by following the rules of this Subchapter, unless otherwise permitted by rule. If it is determined that there is no competition available, then the procurement may be handled as a waiver as permitted by rule.

(d) Any and all questions by a potential offeror regarding a solicitation document shall be addressed to the purchaser named on the document. Any and all revisions to the solicitation document shall be made only by written addendum from the purchaser. Verbal communications from whatever source are of no effect.

SECTION .0500 - REJECTION OF OFFERS

.0503 NEGOTIATION

If an agency does not receive a satisfactory offer in response to a solicitation and all offers are rejected, negotiations may be conducted with all known sources of supply that may be capable of satisfying the requirement, if it is determined by the agency that issued the solicitation document that soliciting offers again would serve no purpose. The negotiations shall be conducted by that agency if under their benchmark or delegation. Negotiations shall be conducted in writing and shall include standard language and terms and conditions issued by the Division of Purchase and Contract, unless otherwise provided by rule. If the negotiations are conducted with only one source or if only one source responds to the negotiations, the reason for lack of competition shall be documented in writing for public record. Negotiations may also be conducted under conditions that merit a waiver of competition, or in other situations that are advantageous as

determined by the SPO.

SECTION .0600 - PURCHASE OF USED ITEMS

.0601 GENERAL PROCEDURES

Rules of this Subchapter regarding seeking competition shall be followed wherever feasible, when it appears that the acquisition of used commodities is in the public interest.

History Note: Authority G.S. 143-53;
Eff. February 1, 1976;

SECTION .0700 - REMOVAL OF CERTAIN ITEMS FROM GENERAL CONSTRUCTION

.0701 POLICY

Every agency shall review the items being included in a construction/renovation project and remove any items that it considers are non-related to the actual construction/renovation of the building. Items that are considered commodities or just furnishings, and that would complete the project for use by the agency, shall be handled in accordance with the rules of this Chapter. Items that are usually removed for construction/renovation projects include carpet, office panel systems, food service equipment, and furniture. If an agency determines that one of these items, or any item that is normally handled as a commodity purchase, is best suited for inclusion in the construction/renovation project, the agency's justification shall be documented in writing for public record.

Amended Eff. April 1, 1999; February 1, 1996.

SECTION .0900 - INSPECTION AND TESTING

.0905 SPECIFICATIONS

When it is determined to be advantageous, the agency which awarded the contract may authorize revisions to a contract specification, including any cost adjustment associated with any such revision, as part of contract administration. If an increase in cost results in the total contract value being more than the agency's benchmark or delegation, then prior written approval shall be obtained from the Division of Purchase and Contract, regardless of what agency initially awarded the contract.

SECTION .1100 - TERM CONTRACTS

.1101 USE

(a) Term contracts, known also as indefinite quantity or requirements contracts, are used generally to establish suppliers and prices of a given commodity, group of commodities, printing, or services for a period of time without guaranteed quantities being specified. Statewide term contracts consolidate normal requirements of all agencies into one agreement and shall be handled by the Division of Purchase and Contract.

(b) A term contract is a binding agreement between purchaser and seller to buy and sell certain commodities, printing, or services at certain prices and under stipulated terms and conditions. It is neither an "approved list" nor a list of approved or ceiling prices. No agency may purchase any commodities, printing, or services covered by a statewide term contract from any other sources.

(c) A term contract shall be based upon competition, where available, with the potential vendors being advised as to the agency(s)' business they are competing for and, if successful, the agency(s)' business they have earned.

(d) Agencies may handle agency specific term contracts for use by their agency if the expenditure over the term of the contract is under their benchmark or delegation, and the commodity, printing, or service is not covered by a statewide term contract.

(e) Rules applying to service and printing contracts do not apply to local school administrative units or community colleges.

Amended Eff. April 1, 1999; February 1, 1996.

.1102 DETERMINING FACTORS

In determining whether a product should be on a statewide term contract, the Division shall consider such factors as volume, nature of the product, repetitiveness of use, relative stability of prices, and transportation costs. In determining whether a product should be on an agency specific term contract, the agency shall consider such factors as volume, nature of the product, repetitiveness of use, relative stability of prices, and transportation costs.

SECTION .1400 - WAIVER OF COMPETITION

.1401 POLICY

Under conditions listed in this Rule, and otherwise if deemed to be in the public interest by the SPO or the agency, if under its delegation or benchmark, competition may be

waived. Conditions permitting waiver include cases where performance or price competition is not available; where a needed product or service is available from only one source of supply; where emergency action is indicated; where competition has been solicited but no satisfactory offers received; where standardization or compatibility is the overriding consideration; where a donation predicates the source of supply; where personal or particular professional services are required; where a particular medical product or service, or prosthetic appliance is needed; where a product or service is needed for the blind or severely disabled and there are overriding considerations for its use; where additional products or services are needed to complete an ongoing job or task; where products are bought for "over the counter" resale; where a particular product or service is desired for educational, training, experimental, developmental or research work; where equipment is already installed, connected and in service, and it is determined advantageous to purchase it; where items are subject to rapid price fluctuation or immediate acceptance; where there is evidence of resale price maintenance or other control of prices, lawful or unlawful, or collusion on the part of companies which thwarts normal competitive procedures; where the amount of the purchase is too small to justify soliciting competition or where a purchase is being made and a satisfactory price is available from a previous contract; where the requirement is for an authorized cooperative project with another governmental unit(s) or a charitable non-profit organization(s); and where a used item(s) is available on short notice and subject to prior sale.

.1402 APPROVAL AND DOCUMENTATION

Although competition may be waived pursuant to Rule .1401 of this Section, its use is required wherever practicable. Where waiver is contemplated, agencies may negotiate with a potential vendor(s) in an effort to acquire the quality of commodity, service or printing needed at the best possible price, delivery, terms and conditions, when the expenditure is less than their respective benchmark or delegation. A solicitation document requesting or inviting an offer(s) shall be issued by the agency, including standard language, terms and conditions issued by the Division of Purchase and Contract. Under an emergency or pressing need situation, a solicitation document requesting or inviting an offer(s) shall be issued by the agency, including standard language, terms and conditions issued by the Division, unless circumstances prohibit their use. Negotiations may also be conducted with a potential vendor(s) for contracts exceeding an agency's benchmark or delegation, but are subject to the conditions of Rule .1518 of this Subchapter, except where otherwise permitted by rule.

SECTION .1500 - MISCELLANEOUS PROVISIONS

.1501 CONFIDENTIALITY

(a) Trade secrets which the offeror does not wish disclosed shall be identified as follows: Each page shall be identified in boldface at the top and bottom as "CONFIDENTIAL". Cost information shall not be deemed confidential.

(b) To promote maximum competition and to protect the public competitive procedure from being used to obtain information which would normally not be available otherwise, the agency which issued the solicitation document may maintain the confidentiality of certain types of information. Such information includes trade secrets, as determined by North Carolina law, and like information as the SPO or the agency's executive officer or the officer's designee may determine to insure the integrity of the public purchasing process.

.1509 PURCHASING FROM OR THROUGH AGENCY EMPLOYEES

Every reasonable effort shall be made to avoid making purchases from or through employees of any agency. Prior written approval from the SPO is required in any instance which may develop of doing business with such personnel. In deciding whether to grant approval, the SPO shall consider the type item or service needed, the prevailing market conditions, whether competition is available, the cost involved, and the effects of doing business with the employee.

.1512 AVAILABILITY OF SERVICES TO CERTAIN NON-STATE AGENCIES

(a) The Division of Purchase and Contract shall make purchasing services available to certain non-State agencies as defined by G.S. 143-49 and 143-49.1. This may be affected by budgetary allowances for personnel, time and related costs.

(b) Where a non-State agency covered by this provision elects to participate in a contract, its resulting contractual duties, obligations and responsibilities shall be the same as those required for agencies. Non-State agencies covered by this provision shall make payments to suppliers in a timely manner and in accordance with the terms of the contracts.

(c) As may be practicable in terms of personnel, time and costs, the Division may offer its services, in addition to purchasing and contracting, to non-State agencies with respect to preparing specifications and contracts for services, inspecting and testing of products, expediting deliveries and advising as to market conditions.

.1518 BOARD OF AWARD

(a) When the dollar value of a contract for the purchase, lease, or lease/purchase of commodities or printing exceeds the agency's benchmark or delegation, the Board of Award (Board) shall canvass the Division's recommended action. This also includes reporting of emergency and pressing need purchases over the agency's benchmark or delegation. The Division shall submit the Board's recommendation (award, cancellation, approval, negotiation, etc.) to the Secretary. The Secretary may either concur with the recommendation of the Board by awarding contracts or approving other recommended action, or take other action as deemed necessary. A Board of Award meeting shall be comprised of at least two voting members. The SPO or designee shall conduct the meeting and one Division employee shall take the minutes of the meeting. The Advisory Budget Commission may designate two or more voting members to serve as members of the Board. The SPO may further designate the following persons who may serve in this capacity in the absence of member(s) of the Commission:

- (1) Assistant Superintendent for Financial Services, Department of Public Instruction;
- (2) Representative from Attorney General's Office;
- (3) All Council of State members with the exception of the Governor.

These alternate members shall not further delegate this responsibility.

(b) Records shall be kept of each meeting and made public by the SPO unless there is statutory authority for keeping the record for a specific purchase confidential, and if so, that record shall be kept confidential. The Secretary may elect to proceed with the award of contracts without the recommendation of the Board in cases of emergencies or in the event that a Board is not available. In such cases, contracts awarded without Board review shall be reported to a

subsequent Board as a matter of record.

(c) Exemptions: Approval by the Secretary is not required for the following purchase actions: exemption by statute, by rule, by special delegation, or where one agency is buying from another agency or through the State Surplus Property Agency or the State Agency for Federal Surplus Property.

.1519 PROTEST PROCEDURES

(a) To insure fairness to all offerors and to promote open competition, agencies and the Division of Purchase and Contract shall actively follow-up and be consistent in responding to an offeror's protest over contract awards.

(b) This Rule applies only to contracts with an actual or estimated dollar value over ten thousand dollars (\$10,000). Agencies may establish procedures to handle an offeror's concerns for contracts with less dollar value.

(c) When an offeror wants to protest a contract awarded by an agency over ten thousand dollars (\$10,000) in value, the agency and the offeror shall comply with the following:

- (1) The offeror shall submit a written request for a protest meeting to the agency's executive officer which shall be received by the agency's executive officer's office within 30 consecutive calendar days from the date of the contract award. The executive officer shall furnish a copy of this letter to the SPO within five consecutive calendar days of receipt. The offeror's letter shall contain specific reasons and any supporting documentation for why it has a concern with the award. If the letter does not contain this information, or if the executive officer determines that a meeting would serve no purpose, then the executive officer may, within 10 consecutive calendar days from the date of receipt of the letter, respond in writing to the offeror and refuse the protest meeting request. A copy of the executive officer's letter shall be forwarded to the SPO.
- (2) If the protest meeting is granted, the executive officer shall attempt to schedule the meeting within 30 consecutive calendar days after receipt of the letter, or as soon as possible thereafter. Within 10 consecutive calendar days from the date of the protest meeting, the executive officer shall respond to the offeror in writing with the executive officer's decision. A copy of the executive officer's letter shall be forwarded to the SPO.
- (3) The agency shall notify the SPO in writing of any further administrative or judicial review of the contract award.
- (4) The executive officer may appoint a designee to act on the executive officer's behalf under this Rule.

(d) When an offeror wants to protest a contract awarded by the Secretary over ten thousand dollars (\$10,000) in value, the SPO and the offeror shall comply with the following:

- (1) The offeror shall submit a written request for a protest meeting to the SPO which shall be received by the Division within 30 consecutive calendar days from the date of the contract award. The offeror's letter shall contain specific reasons and any supporting documentation for why it has a concern with the award. If the letter does not contain this information, or if the SPO determines that a meeting would serve no purpose, then the SPO may, within 10 consecutive calendar days from the date of receipt of the letter, respond in writing to the offeror and refuse the protest meeting request.
- (2) If the protest meeting is granted, the SPO shall attempt to schedule the meeting within 30 consecutive calendar days after receipt of the letter, or as soon as possible thereafter. Within 10 consecutive calendar days from the date of the protest meeting, the SPO shall respond to the offeror in writing with the SPO's decision.

.1520 DEFAULT PROCEEDINGS; DEBARMENT

(a) The agency which issued the solicitation document resulting in the contract may find a contractor in default of contract for failing to perform in accordance with the contract requirements, terms and conditions. If a contractor is found in default of contract, the agency which issued the solicitation document resulting in the contract may take action, immediate if necessary, to purchase the needed commodities, printing or services on the open market and charge any additional cost for the commodities, printing or services and expense for doing so to the defaulting contractor. If an agency finds a contractor in default, such action and the circumstances shall be reported by the agency to the Division of Purchase and Contract in writing. This does not limit any other remedies that may be available to the State or agency.

(b) The Division may remove the contractor from any mailing lists which may be utilized and debar the contractor from doing business with the agency, or any agency, for a period of time at the discretion of the Division.

- (2) that competition will not enhance the quality of the product or service that the State would receive.

(c) Contracts for bakery products and dairy products shall be awarded through the Division of Purchase and Contract, if over the agency's expenditure benchmark.

.1602 EMERGENCIES

(a) An agency may make purchases of commodities, printing or services in the open market in cases of emergency or pressing need. For this purpose, a pressing need is one arising from unforeseen causes including, but not limited to, delay by contractors, delay in transportation, breakdown in machinery, or unanticipated volume of work while

emergencies are defined as situations which endanger lives, property or the continuation of a vital program and which can be rectified only by immediate, on-the-spot purchases or rental of commodities, printing or services.

(b) Agencies may negotiate with a potential vendor(s) in an effort to acquire the quality of commodity, service or printing needed at the best possible price, delivery, terms and conditions. A solicitation document requesting or inviting an offer(s) shall be issued, including standard language, terms and conditions issued by the Division of Purchase and Contract, unless circumstances prohibit their use.

(c) When emergency or pressing need action is necessary, and the expenditure is over the agency's benchmark or delegation, prior verbal approval shall be obtained from the Division if time permits. Subsequently, whether or not such prior approval was possible, if the expenditure is over the agency's benchmark or delegation, an explanation of the emergency or pressing need purchase shall be reported in writing to the Division. The Division shall report such purchases of commodities and printing to the Board as a matter of record.

.1603 SPECIAL DELEGATIONS

(a) The SPO may authorize, by special delegation, any agency to purchase specific commodities, printing or services without limitation as to expenditure. Such delegation is normally confined, but not limited to, commodities, printing or services which by their nature or circumstance, such as perishableness, transportation costs, local conditions or local availability, would result in handling by the Division of Purchase and Contract serving no practical purpose. Every such delegation shall be in writing and made a matter of record.

(b) The SPO may require that offers received under such delegations be sent to the Division for determination of the successful vendor.

(c) The Division shall periodically review its special delegations of purchase to ascertain the availability of these commodities, printing or services and their continued suitability for delegation.

.1604 GENERAL DELEGATIONS

The general purchasing delegation for agencies (except for the universities) shall be not more than ten thousand dollars (\$10,000). The SPO may lower or raise this general delegation for a specific agency, up to the amount established by G.S. 143-53.1, after consultation with the State Budget Officer and the State Auditor for State agencies, and upon consideration of

the agency's (except for the universities) overall capabilities, including staff resources, organizational structure, training, purchasing compliance reviews, electronic communication capabilities, and audit reports. If an agency wishes to obtain an increase in its general delegation, it shall submit a request in writing, outlining its overall capabilities, to the SPO for the SPO's consideration.

History Note: Authority G.S. 143-53; Temporary Adoption Eff. February 15, 1998; Eff. April 1, 1999.

.1605 COMPLIANCE REVIEWS

(a) The Division of Purchase and Contract shall conduct compliance reviews on purchasing practices at all agencies. The purpose of the compliance review shall be for determining if an agency is complying with North Carolina's purchasing statutes and rules adopted thereunder, and whether it should continue having the same level of delegation, have it reduced, or if it qualifies for an increase. A copy of the compliance report shall be provided to the agency's executive officer, the State Auditor, the State Budget Officer, the local school administrative unit's Board, any of which are applicable.

(b) The Division's staff may enter the premises and obtain an agency's purchasing records for the purpose of the compliance review. The agency shall cooperate with the Division's staff, providing them with requested records, adequate office space for conducting the review, and agency purchasing staff for discussion of purchase transactions. The Division shall not unnecessarily require of the agency any more than is needed to complete the review.

(c) The SPO may lower, or raise if requested, an agency's (excluding the universities) general delegation, if the results of a compliance review by the compliance staff of the Division merit such action as determined by the SPO. The SPO may lower the delegation to any level, including the complete removal of the delegation, depending on the nature of any violations found. The SPO shall report to the University's Board of Governors the results of any compliance review conducted at any of the universities, and shall provide to them the SPO's recommendation, based on those results, on what that university's benchmark should be.

(d) The SPO shall provide to each agency, upon request, the Division's assistance in educational training for the agency's staff, to better acquaint them with the purchasing statutes and rules.

Reading copies shall be made available at the Clearinghouse for any interested parties. The review period is 30 calendar days after publication in the Bulletin.

(b) Each reviewing agency and any interested party may make comments on the adequacy of the documents.

(c) Based on consideration of the comments submitted, the Clearinghouse shall advise the State Project Agency as follows:

- (1) the document has been determined to lack sufficient information. Supplemental documentation which provides adequate information should be submitted to the Clearinghouse for review and comment;
- (2) the document does not satisfy a finding of no significant impact and an EIS should be prepared;
- (3) the document is adequate and the next appropriate level document should be prepared for review; or
- (4) the document is adequate and completes the review process requirements for the act.

SECTION .0600 - ENVIRONMENTAL IMPACT STATEMENTS

.0602 SCOPING

If an agency determines that an EIS is required on a project, it may choose to request advice from the general public and other agencies on what alternatives and issues should be addressed in the EIS. The agency must submit a copy of a scoping notice to the Clearinghouse, which shall publish the scoping notice in the Environmental Bulletin. The comment period shall be 30 calendar days after publication in the Bulletin.

Eff. February 1, 1986;*

Amended Eff. April 1, 1999; May 3, 1993.

.0603 FORMAT AND CONTENT

Agencies shall use a format for EIS's which will encourage good analysis and clear presentation of all alternatives, including the proposed activity while minimizing length and complexity. These documents shall not exceed 60 pages and shall include 8 1/2" x 11" site location maps. The document shall include the following:

- (1) A single cover sheet including the following information:
 - (a) designation of the document as a draft, supplementary or final statement;
 - (b) title of the proposed activity that is the subject of the statement;
 - (c) list of any involved cooperating agencies; and
 - (d) name, address, and telephone number of the person in the State Project Agency who can supply further information.
- (2) An accurate summary of the statement stressing the major conclusions, areas of controversy, and issues to be resolved. The summary shall also list all federal, state, and local permits, licenses, certifications, and other approvals which must be obtained in implementing the proposal. If there is any uncertainty about whether any one of these is necessary, it shall be so indicated.
- (3) Purpose and Need. The underlying purpose and need being responded to by the proposed activity.
- (4) Alternatives including proposed activity. Based upon information and analysis presented in Items (5) through (8) of this Rule on the affected environment and environmental consequences, the agency shall present the environmental impacts of the alternatives including the proposed activity in comparative form. To the extent possible the comparison of alternatives shall quantify how the purpose and need would be satisfied by each alternative and the proposed activity. This section of the document shall be the heart of the EIS, sharply defining the issues and providing a clear basis for choice among options by decision makers and the public. It shall also:
 - (a) explore and evaluate all reasonable alternatives, including those not within the jurisdiction of the State Project Agency and the alternative of no action;
 - (b) discuss the reasons for the elimination of alternatives from detailed study;
 - (c) identify the agency's preferred alternative(s) in the draft statement and identify such alternatives in the final statement, unless another law prohibits the expression of such a preference;
 - (d) include appropriate mitigation measures not already included in the alternatives; and
 - (e) assess the social and economic impacts of each alternative. Impacts shall be quantified

for each alternative, where feasible, but when quantification by standard economic tools is not feasible or intangibles are involved, a description of each impact is required.

- (5) Affected Environment. The EIS must describe the environment of the area(s) to be affected and the environment to be created by the alternatives under consideration. The description shall be no longer than is necessary to understand the effects of the alternatives. Data and analysis in a statement shall be commensurate with the importance of the impact, with less important material summarized, consolidated, or simply referenced.
- (6) Environmental Consequences. This section of the document shall form the scientific and analytic basis for the comparisons under Item (4) of this Rule. It shall include:
 - (a) direct effects and significance;
 - (b) indirect effects and significance;
 - (c) cumulative effects and significance;
 - (d) the relationship between the short-term uses of the environment involved in the proposed action and the maintenance and enhancement of long-term productivity;
 - (e) any irreversible and irretrievable environmental changes which would be involved in the proposed action should it be implemented; and
 - (f) possible conflicts between the proposed activities and the objectives of federal, state, and local plans, policies, and controls for the affected area.
- (7) List of Preparers. The EIS shall list the names and qualifications of the persons who were primarily responsible for preparing the EIS.
- (8) Appendix. If an appendix is included in an EIS, it shall meet the following requirements:
 - (a) consist of materials substantiating any analysis fundamental to the principal document, as distinct from material of lesser significance that may accompany the document or be incorporated by reference;
 - (b) be analytic and relevant to the decision to be made;
 - (c) not be counted in the EIS 60 page limit; and
 - (d) be circulated with the EIS or be readily available upon request.

.0605 REVIEW PROCESS

(a) Draft EIS. Sixteen copies and any additional copies as may be requested shall be submitted by the State Project Agency and circulated for comment by the Clearinghouse as set out in Rule .0506 of this Chapter. A Notice of Availability of the EIS shall be printed in the Environmental Bulletin, and a

45 calendar-day period of review after this notice is published shall be allowed.

(b) The Clearinghouse shall forward copies of all comments made by reviewers to the State Project Agency for incorporation in the final document.

(c) Final EIS. The State Project Agency shall submit 16 copies of the final EIS and any additional copies as may be requested to the Clearinghouse. These documents shall be circulated to the original reviewers for a final review. Notice shall also be given in the Environmental Bulletin. Thirty calendar days after publication of the Bulletin shall be allowed for final review.

(d) Based on consideration of the comments submitted, the Clearinghouse shall advise the State Project Agency as follows:

- (1) the document has been determined to lack sufficient information. Supplemental documentation which provides adequate information should be submitted to the Clearinghouse for review and comment;
- (2) a final EIS should be prepared for review addressing the comments submitted; or
- (3) the document is adequate and completes the review process requirements for the act.

(e) The State Project Agency may adopt or reject the Clearinghouse's recommendation.

(f) No administrative or judicial review is permitted unless undertaken in connection with review of the agency action. No other review of an environmental document is permitted.

CHAPTER 30 - STATE CONSTRUCTION

SUBCHAPTER 30F - STATE BUILDING COMMISSION CONTRACTOR EVALUATION PROCEDURES

SECTION .0300 - EVALUATION OF CONTRACTORS

.0305 EVALUATION REVIEW

(a) SCO shall maintain contractor evaluation data. This data shall be maintained on an individual job basis, and shall also be maintained cumulatively by contractor (based on contractor license number). The contractor evaluation data shall be that information prepared by the Capital Projects Coordinator during the evaluation process set forth in this Subchapter. All numerical ratings shall be given pursuant to Rule .0302 of this Section and shall evaluate those phases of the work set out in Rule .0301 of this Section; the form called for in Rule .0103(8) of this Subchapter shall be used exclusively for this purpose.

(b) The data maintained by the SCO shall reflect performance history for a period of five years. All evaluation data on completed projects over five years old shall be removed from SCO files and shall not be used as a factor in

the cumulative evaluation.

(c) A contractor whose cumulative evaluation falls below a mark of 3.5 shall be determined to have provided an unsatisfactory level of performance and may not be allowed to bid on or serve as a sub-contractor on State capital improvement projects during a corrective period. All references to pre-bid disqualification status in this Section shall also be considered to apply to disqualification of a prime contractor to serve as a sub-contractor on State capital improvement projects during the disqualification period.

(d) To be utilized for pre-bid disqualification, a prime contractor's cumulative evaluation must be based on a minimum of three evaluations on at least three separate capital projects. Further, if a contractor is assigned a single final evaluation of 2.5 or lower, this action alone shall be sufficient to call the contractor's performance into question and may result in pre-bid disqualification during a corrective period.

(e) In both instances, i.e., a cumulative mark falling below 3.5 or a single evaluation of 2.5 or lower, the SCO shall convene a panel of five persons to review the evaluation and make a recommendation to the SBC. (A single final evaluation of 2.5 or lower, when applied to the cumulative total, shall not initiate further immediate review if it causes the cumulative rating to fall below 3.5.) The panel shall consist of three design/construction professional State employees of which a minimum of one employee shall be a licensed architect or engineer as appointed by the Director of State Construction and two members of the SBC as appointed by the Chairman of the Commission of which a minimum of one shall be a licensed contractor.

(f) The panel may recommend to the State Building Commission either of the following actions as a result of its review:

- (1) disqualification of the contractor from bidding and placement of the contractor in a pre-bid disqualification status for a corrective period of two years;
- (2) rejection of disqualification but issuance of a warning to the contractor that continued poor performance may result in disqualification.

The SCO shall retain file copies of the ratings, disqualifications and warnings.

(g) In all instances, notification of a contractor having been assigned to a pre-bid disqualification status or having been issued a warning shall be by the Chairman of the State Building Commission and only then after review and approval by the Commission of the disqualification or warning action.

(h) The disqualification as approved by the Commission shall be for a period of two years. The two-year period is intended to provide opportunity for a contractor to implement significant corrective action to improve performance. At the completion of the two-year period, the prime contractor may make application for reinstatement to the qualified bidders list; reinstatement shall be subject to action by the SBC. In the application for reinstatement, the contractor shall set out the improvements that have been made to correct the specific areas in which the contractor was scored below 3.5 in its cumulative evaluation. If the improvements listed and the investigation of

the contractor made by the SBC are such that the Commission forecasts the contractor's performance would be 3.5 or above if reinstated, then the SBC shall reinstate the contractor to the qualified bidders list. If the SBC approves reinstatement, the contractor's pre-bid disqualification shall be removed, thus allowing the contractor to bid.

(i) Removal of a contractor from the pre-bid disqualification status, upon approval by the SBC, shall involve deletion of all evaluations from the State Construction Office's records.

(j) If a contractor has been removed from the qualified bidders list by virtue of accumulated evaluations falling below 3.5 and routine removal of five-year old evaluations causes the contractor to achieve an overall evaluation score of 3.5 or higher, the contractor shall not be automatically reinstated to the qualified bidders list but rather must remain in a disqualified status for a total of two years with reinstatement considered by the SBC as outlined in this Rule. If after the two-year corrective period the SBC does not approve removal of a contractor from the pre-bid disqualification status, the prime contractor may reapply after a period of 12 months and annually thereafter until the pre-bid disqualification status is removed.

(k) Lists of all contractors who are in a pre-bid disqualification status shall be maintained by the SCO. Prior to bid opening, the project designer shall obtain from the SCO a list of those contractors in a pre-bid disqualification status and shall ensure that no bids for State capital improvement projects shall be read from a contractor in such status.

- (3) suspension of a current service; or
- (4) termination of a current service.

(e) The Division shall comply, and shall insure that contracting area programs comply, with the following appeals procedures:

(1) Notification letter:

- (A) The area program shall send, via regular mail or pass by hand, a notification letter at the time of service authorization or at another time not later than 10 working days before the date of the action (reduction, suspension or termination).
- (B) The area program shall mail the notification letter the same day as the date of the letter in order to provide the recipient with the legal time period in which to appeal.
- (C) When hand delivered, documentation that the individual was given notice shall be represented by the date in the notification letter.
- (D) A denial of requested services requires a notification, but is an exception to the 10-day advanced notification requirement.

(2) The notification letter shall contain the following information:

- (A) specific information (the identification of the area program and type of service under review);
- (B) reasons for the decision;
- (C) Medicaid regulations that support the decision;
- (D) the right to a State informal and formal hearing on the decision;
- (E) the right to a hearing when State or Federal law requires a change in service;
- (F) circumstances in which an expedited appeal may be requested;
- (G) steps required to start an appeal;
- (H) circumstances in which Medicaid is continued until a hearing decision. If an individual appeals to the State DMH/DD/SAS or to the Office of Administrative Hearings (OAH) before the effective date of the proposed service reduction, termination, or suspension, noted in the letter, authorization for payment of the individual's current services will continue until a decision is issued; and
- (I) that if an individual abandons or loses an appeal, the State has the legal right to recover the cost of the disputed treatment, and that such costs are accumulated from the beginning of the date of the service reduction, termination or suspension.

(3) The notification letter also shall contain treatment continuation information as follows:

- (A) the area program may offer other treatment services when it denies a person's request for a specific treatment.
- (B) the individual may receive the treatment specifically requested by paying for it.
- (C) when and if the individual's medical condition changes, the area program will re-evaluate the request for a specific treatment.

(4) Exceptions to 10-day notification requirement. Notice shall be given no later than the date of the service reduction, termination or suspension where:

- (A) recipient's treating physician changes the service (e.g., discharge from a short term or crisis hospitalization);
- (B) agency has factual information confirming the death of the enrollee;
- (C) agency receives a written statement signed by an enrollee that services are no longer desired; or gives information that requires termination or reduction of services and understands that this must be the result of supplying that information;
- (D) enrollee has been admitted to a service that is not included in the approved service network; and
- (E) location of the enrollee is unknown as

certified by the post office.

(f) Requesting a State Informal Hearing:

- (1) Medicaid recipients have a right to an informal hearing by an impartial hearing officer at the Division of Mental Health, Developmental Disabilities and Substance Abuse Services (DMH/DD/SAS).
- (2) This right shall be secured by returning the appeal form (included with the notification letter) to the State DMH/DD/SAS.
- (3) The form may be sent by mail, facsimile, or hand-delivered.
- (4) Upon receipt of an informal appeal request, the DMH/DD/SAS shall contact the enrollee and schedule a hearing before a hearing officer within 30 days from receipt of the written request.
- (5) The DMH/DD/SAS shall inform the enrollee in writing of the hearing date, the hearing procedures, and of their legal rights during the hearing.
- (6) The DMH/DD/SAS promptly shall inform the area program of the appeal. With the enrollee's permission, the area program shall contact the enrollee within three working days of notification from DMH/DD/SAS to begin its impartial dispute resolution process:
 - (A) Each area program shall have an informal dispute resolution process that is approved in writing by DMH/DD/SAS. Each area program shall submit its local review process and the Division shall review based on whether the recipient has an impartial review process by persons not involved with the original decision; and
 - (B) The process shall include both impartial dispute resolution and impartial clinical/medical review.
- (7) Informal hearing procedure:
 - (A) The enrollee has the right to an in-person hearing. Before the hearing, the enrollee has the right to review the case file and all records that will be used at the hearing.
 - (B) The enrollee shall not be denied access to review these documents.
 - (C) All written material that the enrollee or his representative want presented at the hearing must be received by the Division hearing office at least five days before the scheduled hearing.
 - (D) If the enrollee or his representative fails to appear at the scheduled hearing, without good cause, the hearing still shall be held. "Good cause" means circumstances beyond the control of the enrollee or his representative.
 - (E) If at any time during the process the enrollee's medical condition worsens and the enrollee is re-evaluated for authorization for the current or higher service, the informal appeal shall be concluded in favor of the enrollee.

- (F) The hearing officer shall give appropriate consideration to all matters and documents presented either by the enrollee or by the area program. Witnesses shall not be required to take an oath before making a statement.
 - (G) Neither the North Carolina Rules of Evidence, the Federal Rules of Evidence, the North Carolina Rules of Civil Procedure, nor the Federal Rules of Civil Procedure shall govern the hearing procedures.
 - (H) The hearing officer shall insure that the hearing is conducted in a fair, impartial, and non-adversarial manner.
 - (I) The hearing officer shall issue a written decision of his findings and conclusions, and shall send a copy to the enrollee and to the area program. The written decision shall notify the enrollee of the right to appeal an adverse decision to the Office of Administrative Hearings (OAH) and the time period within which such appeal must be filed. The written decision shall include a Petition for Contested Case Hearing appropriate for filing at OAH.
- (8) State Formal Hearing:
- (A) The enrollee has the right to appeal an adverse decision by an area program directly to the OAH for a formal, evidentiary hearing.
 - (B) The enrollee also may appeal a DMH/DD/SAS hearing officer's adverse decision to OAH.
 - (C) Either appeal must be filed in accordance with G.S. 150B.
 - (D) If an enrollee appeals an area program adverse decision directly to OAH before the effective date of the proposed reduction, termination, or suspension, authorization for the current service shall continue until a Recommended Decision is issued by OAH.
 - (E) If an enrollee appeals an area program adverse decision after the effective date of the proposed reduction, termination, or suspension, the area program is not required to continue authorization for the current service.
 - (F) If an enrollee appeals the DMH/DD/SAS hearing officer's decision to OAH, the area program is required to continue or reinstate authorization for the current service until a final decision is issued by the Department.
 - (G) If an enrollee appeals an area program adverse decision after the effective date of the proposed reduction, termination, or suspension, the area program is not required to continue authorization for the current service.
- (9) Recovery Procedures: If an enrollee abandons an appeal, or if after an appeal through OAH, the

DMH/DD/SAS Final Agency Decision upholds the area program's adverse decision, the State may commence to recover the financial costs of any unauthorized services furnished to the enrollee as the result of taking the appeal. Financial costs accumulate from the area program's proposed date of service reduction, termination or suspension.

(10) Expedited Appeals:

- (A) Emergency appeals may be initiated by oral or written communication to the area program or to the DMH/DD/SAS. To start an emergency appeal the enrollee or his legally responsible person must attest that services are urgently needed and the failure to provide them promptly or to continue them might reasonably cause deterioration, or impair improvement, in the enrollee's medical condition.
- (B) The area program shall conduct an expedited review within 24 hours of receipt of the request, and if its review upholds the adverse decision, the area program shall directly forward its decision and a copy of all relevant medical records to the DMH/DD/SAS.
- (C) The DMH/DD/SAS shall issue its decision within two working days of the enrollee's request for expedited review.
- (D) The area program is required to continue authorization for the current service through an expedited appeal until the appeal is abandoned or the Department issues a final decision.

CHAPTER 20 - VOCATIONAL REHABILITATION

SUBCHAPTER 20C - PROGRAM RULES

SECTION .0200 - ELIGIBILITY

.0206 FINANCIAL NEEDS TEST

(a) A client's financial need shall be determined by application of the General Assembly's financial eligibility scale for non-medicaid medical programs which sets the limit of net annual income for families of various sizes and by consideration of other available assets that could be used to pay for the cost of rehabilitation services. In applying the General Assembly's financial eligibility scale, the Division shall follow the provisions of this Rule to determine net monthly income and family size. The General Assembly's eligibility financial scale is usually found in the current appropriations bill as follows: S.L. 1998, c. 212, s. 12.33.

(b) The time period to be used as the basis for computing net monthly family income is the month prior to the planning of any service which is based on the individual's financial eligibility. Net monthly family income shall be recomputed at any time there is a change in the family's income.

(c) A client's family shall include the client and the following persons living in the same household as the client if the client is 18 years of age or older and is not being claimed as a dependent by the parents for tax purposes or if the client is less than 18 years of age and is married:

- (1) the client's spouse;
- (2) the client's children under 18 years of age;
- (3) other individuals related to the client by blood, marriage, or adoption if the other individuals have no income; and
- (4) the client's children of any age who are temporarily living away from the household while attending school if they are being claimed as dependents by the client for tax purposes.

(d) A client's family shall include the client and the following persons living in the same household as the client if the client is less than 18 years of age and is not married or if the client is 18 years of age or older and is being claimed as a dependent by the parents for tax purposes:

- (1) the client's parents, not including step-parents;
- (2) siblings or half-siblings of the client, but not step-siblings, if the siblings are unmarried and less than 18 years of age;
- (3) siblings or half-siblings of the client, but not step-siblings, if the siblings are 18 years of age or older and have no income; and
- (4) other individuals related to the client by blood, marriage, or adoption if the other individuals have no income.

(e) If a client is 18 years of age or older and is temporarily living away from the permanent home while attending school and is being claimed as a dependent by the parents for tax purposes, the client's family shall be determined according to Paragraph (d) of this Rule.

(f) In Paragraphs (d)(2) and (3) of this Rule, siblings who are temporarily living away from the household while attending school may be considered as living in the same household if they are being claimed as dependents by their parents for tax purposes and the parents are in the same household as the client.

(g) Net monthly family income shall be computed by subtracting the deductions allowed in Paragraph (i) of this Rule from the gross monthly family income as computed according to Paragraph (h) of this Rule.

(h) Gross Monthly Family Income.

- (1) Gross monthly family income shall mean the combined cash income received by the client's family from the following sources:
 - (A) wages and salaries;
 - (B) earnings from self-employment;
 - (C) earnings from stocks, bonds, savings accounts, rentals, and all other investments;
 - (D) Social Security benefits and Supplemental

- Security Income benefits;
- (E) public assistance benefits;
- (F) retirement and pension payments;
- (G) Veterans Administration benefits; and
- (H) all other sources of cash income.
- (2) If the income received from any of the sources listed in Paragraph (h)(1) of this Rule is not received on a monthly basis, the monthly pro rata share of the most recent receipt of the income shall be included in the computation.
- (3) Gross family income shall not include:
 - (A) income that children may earn from babysitting, lawn mowing, or other miscellaneous tasks;
 - (B) gifts;
 - (C) inheritances; or
 - (D) life insurance proceeds.
- (i) Any of the following expenses which are paid by a member of the client's family shall be allowed as deductions in determining net monthly income:
 - (1) state, federal, and Social Security taxes and any mandatory deductions for retirement contributions;
 - (2) medical and dental payments not covered by a third-party payor;
 - (3) health insurance premiums;
 - (4) disability related expenses, not covered by a third-party payor, paid for the client or a member of the client's family except for expenses for those participants or clients who require personal assistance services in order to achieve independent living or an employment outcome and for whom the Division is contributing or is considering contributing to the cost of the personal assistance services;
 - (5) child care payments up to one hundred and seventy-five dollars (\$175.00) per child per month for any child in the family unit who is 14 years of age or younger and the parents or other responsible adults are not able to care for the child;
 - (6) post-secondary training expenses for family members not to exceed the rate specified in Rule .0205 (b)(4) and (5) of this Section; and
 - (7) legally mandated payments such as alimony, child support or Social Security paybacks.
- (j) In addition to net monthly family income, other assets that are available to the client's family shall be considered in determining a client's financial need. Available assets shall mean cash or property which could be used to pay for the cost of rehabilitation services and shall include:
 - (1) cash in checking or savings accounts which exceeds an amount three times the net monthly income allowed for the family size; and
 - (2) real property considering the following provisions:
 - (A) Real property, other than the family homesite, shall be considered if the fair market value less encumbrances exceeds twenty-five thousand dollars (\$25,000).
 - (B) The equity shall be determined by subtracting

the amount owed on mortgages or liens from the purchase price or the fair market value, whichever is less.

- (C) The family homesite for the purposes of this Rule shall be defined as the family's principle place of residence and includes:
 - (i) the house and lot plus all buildings on the lot if the residence is in the city; or
 - (ii) the house and the land on which the house is located up to a maximum of one acre plus all buildings on the acre if the residence is in a rural area.
- (D) Real property shall be regarded as an available asset to the extent that it can be converted to cash, either by sale or by use as collateral for a loan, in a timely manner to meet the cost of rehabilitation services.

(k) If the client's family has excess resources in either net monthly family income or available assets, the excess resources shall be applied to the cost of the client's rehabilitation. When the Division is contributing or is considering contributing to the cost of personal assistance services for an individual who has been determined financially eligible according to this Rule, the individual's financial contribution toward the cost of the personal assistance services shall be one-half the excess net monthly family income. The counselor shall determine the amounts to be paid and the method of payment. The unit manager shall approve the payment plan.

(l) If there are extenuating circumstances, that prohibit the client's application of the excess resources toward the cost of rehabilitation, the Division may waive the application of part or all of the excess resources toward the rehabilitation. Such circumstances may include the inability to sell property, the fact that the amount of funds would be so small that it would provide little substantial help with the rehabilitation program, and the fact that the conversion of the excess resources may result in undue delay in proceeding with the rehabilitation program. Written approval of the unit manager or facility director shall be required for the waiver. Documentation of the particular circumstances shall be provided by the client and shall be maintained in the client's record.

- (1) emergency medical services as defined in 42 U.S.C. 1932(b)(2)(B) and (C), which could not be provided by the HMO because the time to reach the in-plan provider capable of providing such services would have meant risk of serious damage or injury to the member's health;
- (2) Medicaid-covered family planning services and supplies;
- (3) services provided by a public health department for

the screening, diagnosis, counseling, or treatment of sexually transmitted diseases, tuberculosis or HIV; and

 - (2) Subparagraph (c)(5) is the same Medicare supplement policy in which the individual was most recently previously enrolled, if available from the same issuer, or, if not so available, a policy described in Subparagraph (1) of this Paragraph.
 - (3) Subparagraph (c)(6) shall include any Medicare supplement policy offered by any issuer.
- (e) At the time of an event described in Paragraph (c) of this Rule because of which an individual loses coverage or benefits due to the termination of a contract or agreement, policy, or plan, the organization that terminates the contract or agreement, the issuer terminating the policy, or the administrator of the plan being terminated, respectively, shall notify the individual of his or her rights under this Section, and of the obligations of issuers of Medicare supplement policies under Paragraph (b) of this Rule. At the time of an event described in Paragraph (c) of this Rule because of which an individual ceases enrollment under a contract or agreement, policy, or plan, the organization that offers the contract or agreement, regardless of the basis for the cessation of enrollment, the issuer offering the policy, or the administrator of the plan, respectively, shall notify the individual of his or her rights under this Section, and of the obligations of issuers of Medicare supplement policies under Paragraph (b) of this Rule. TITLE 12 - DEPARTMENT OF JUSTICE

CHAPTER 9 - CRIMINAL JUSTICE EDUCATION AND TRAINING STANDARDS

SUBCHAPTER 9B - STANDARDS FOR CRIMINAL JUSTICE EMPLOYMENT: EDUCATION: AND TRAINING

SECTION .0300 - MINIMUM STANDARDS FOR CRIMINAL JUSTICE INSTRUCTORS

.0301 CERTIFICATION OF INSTRUCTORS

(a) Any person participating in a commission-accredited criminal justice training course or program as an instructor, teacher, professor, lecturer, or other participant making presentations to the class shall first be certified by the Commission as an instructor.

(b) The Commission shall certify instructors under the following categories: General Instructor Certification, Specific Instructor Certification or Professional Lecturer Certification as outlined in Rules .0302, .0304 and .0306 of this Section. Such instructor certification shall be granted on the basis of documented qualifications of experience, education, and training in accord with the requirements of this Section and reflected on the applicant's Request for Instructor Certification Form.

(c) In addition to all other requirements of this Section, each instructor certified by the Commission to teach in a Commission-accredited course shall remain competent in his/her specific or specialty areas. Such competence includes remaining current in the instructor's area of expertise, which may be demonstrated by attending and successfully completing any instructor updates issued by the Commission.

(d) The Standards Division may notify an applicant for instructor certification or a certified instructor that a deficiency appears to exist and attempt, in an advisory capacity, to assist the person in correcting the deficiency.

(e) When any person certified as an instructor by the Commission is found to have knowingly and willfully violated any provision or requirement of these Rules, the Commission may take action to correct the violation and to ensure that the violation does not recur, including:

- (1) issuing an oral warning and request for compliance;
- (2) issuing a written warning and request for compliance;
- (3) issuing an official written reprimand;
- (4) suspending the individual's certification for a

specified period of time or until acceptable corrective action is taken by the individual;

(5) revoking the individual's certification.

(f) The Commission may deny, suspend, or revoke an instructor's certification when the Commission finds that the person:

- (1) has failed to meet and maintain any of the requirements for qualification; or
- (2) has failed to remain currently knowledgeable in the person's areas of expertise; or
- (3) has failed to deliver training in a manner consistent with the instructor lesson plans outlined in the "Basic Instructor Training Manual" as found in 12 NCAC 9B .0209; or
- (4) has failed to follow specific guidelines outlined in the "Basic Law Enforcement Training Course Management Guide" as found in 12 NCAC 9B .0205; or
- (5) has demonstrated unprofessional personal conduct in the delivery of commission-mandated training; or
- (6) has demonstrated instructional incompetence; or
- (7) has knowingly and willfully obtained, or attempted to obtain instructor certification by deceit, fraud, or misrepresentation; or
- (8) has failed to meet or maintain good moral character as required to effectively discharge the duties of a criminal justice instructor.

TITLE 13 - DEPARTMENT OF LABOR

CHAPTER 12 - WAGE AND HOUR

SECTION .0300 - WAGES

.0303 TIPS AND TIP CREDITS

(a) Tips are not wages. Tips may be counted toward wages only to the extent set forth in Paragraphs (e), (f) and (g) of this Rule.

(b) A tip shall not include a service charge which the employer requires the customer to pay, no matter what the charge is labeled.

(c) Tips belong to the employee for whom they were left by the customer. Employees and employers may not agree that the employee will surrender tips to the employer. However, if there is a tip pooling arrangement under 95-25.3(f), the employee may be required to surrender tips received for distribution in accord with the tip pooling arrangement.

(d) If a customer pays by credit, charge or debit card and includes a tip for an employee:

- (1) the tips so charged accrue to the employee at the time of the charge. The employer shall pay the employee the charged tip no later than the payday for the pay period in which the customer signs the

charge; and

- (2) employers may retain from the tips an amount up to or equal to the pro rata portion of the fee charged by the card issuing company which is attributable to the tips. When employers make such retentions, they do so without violating G.S. 95-25.6 and without becoming disqualified from claiming the tip credit on the charged tip.

(e) In order for an employer to claim a tip credit toward the minimum wage:

- (1) the employee must be a tipped employee within the meaning of the Act;
- (2) the employer shall notify the employee in accordance with G.S. 95-25.13 if the employer intends to claim the tip credit; and
- (3) the employee must retain all tips, subject to any valid tip pooling arrangement as described in Paragraph (h) of this Rule.

(f) The following records shall be kept by the employer for each employee for whom a tip credit is claimed:

- (1) Complete and accurate records of the amount of tips received for each workweek as such tips are certified by the employee monthly or for each pay period. The employee certification is the employee's signature or initials on the employer's records. Certification shall occur either monthly or for each pay period. The sole exception to this requirement is set forth in Paragraph (g) of this Rule. An employee's acceptance of wages from the employer shall not constitute certification by the employee of tips received;
- (2) The amount claimed by the employer as tip credit for each employee for each workweek;
- (3) For each employee participating in a tip pool, for each workweek, the amount of contributions to the tip pool; and
- (4) For each employee participating in a tip pool, for each workweek, the amount received from the tip pool.

(g) If the employee refuses to certify or to certify accurately and completely the amount of tips received, a tip credit may be claimed if the employer:

- (1) meets the requirements of Paragraphs (e)(3) and (f) of this Rule; and
- (2) can demonstrate with written documentation for each workweek for which a credit is claimed:
 - (A) that the tipped employee certifies having received tips in the amount for which the credit is taken, or
 - (B) that a similarly situated tipped employee received tips in the amount for which the credit is taken, or
 - (C) by other method which reliably establishes that the tipped employee regularly receives tips in the amount for which the credit is taken.

(h) "Tip pooling" as used in G.S. 95-25.3(f) is an arrangement in which all or a part of the tips of the

contributing employees are combined into a common pool and then divided among the participating employees according to a pre-determined formula. An employee's share of a tip pool is that portion of the total amount in the pool which the employee receives. A tip pooling arrangement is valid under G.S. 95-25.3(f) when:

- (1) the contributing employees are notified of the arrangement before the pay period in which it will be used;
- (2) the share of each contributing employee is at least 85% of the employee's tips before the employee contributes to the tip pool; and
- (3) only employees who customarily and regularly receive tips receive a share from the pool.

The requirement of 95-25.6 that the employer pay "tips accruing to the employee" shall be satisfied if the employee in a tip pooling arrangement receives 85% of the employee's actual tips before pooling or the employee's share received from the pool, whichever is greater. By complying with Subparagraph (h)(2) of this Rule, the employer has also satisfied the provision of G.S. 95-25.3(f) requiring the employer to allow the tipped employee to retain all tips.

Amended Eff. April 1, 1999.

.0305 AUTHORIZATION FOR WITHHOLDING OF WAGES

(a) An employer may withhold or divert a portion of an employee's wages without the employee's authorization only when the employer is required or empowered to do so by North Carolina or federal law. A valid authorization by an employee is required in all other circumstances for an employer to make a deduction from an employee's wages. Two types of authorization are permitted:

- (1) A specific authorization shall be used when the amount or rate of the proposed deduction is known and agreed to at the time the employee signs the authorization.
- (2) A blanket authorization shall be used when the amount of the proposed deduction is not known and agreed to at the time the employee signs the authorization.

(b) An authorization by an employee, to be valid, shall:

- (1) be written;
- (2) be signed by the employee on or before the payday for the pay period for which the deduction is being made;
- (3) show the date of signing by the employee;
- (4) state the reason for the deduction; and
- (5) if it is a specific authorization, state the specific dollar amount or percentage of wages to be deducted from each paycheck and the number of paychecks or length of time for which the deduction is authorized.

(c) A specific authorization may be for one or more paychecks and shall state the dollar amount or percentage of

wages which the employee agrees may be deducted from each paycheck. Employers shall give employees a reasonable opportunity to withdraw specific authorizations if such deductions are for their convenience. Deductions for the convenience of the employees include, but are not limited to, such things as savings plans, credit union installments, savings bonds, union or club dues, uniform rental, uniform cleaning, parking and charitable contributions.

(d) An employer shall not make a deduction under a blanket authorization until the employee has been given:

- (1) Advance notice of the specific amount of the proposed deduction. For purposes of deductions involving cash shortages, inventory shortages, or loss or damage to an employer's property, advance notice shall be at least the seven day period prescribed in G.S. 95-25.9.
- (2) A "reasonable opportunity to withdraw" the authorization before the deduction is made. A reasonable opportunity to withdraw a blanket authorization shall be at least three calendar days from the date of the employer's notice of the specific amount of the deduction to be taken.

(e) When an authorization is required by the Act, the monetary limitations and time requirements specified in G. S. 95-25.8, 95-25.9 and 95-25.10 of the Wage and Hour Act apply and shall not be waived.

(f) Advances of wages to the employee at the employee's request are considered to be prepayment of wages. Advances of wages to a third party at the employee's request are also considered to be prepayment of wages. A dated receipt, signed by the employee, for the advanced wages, shall be sufficient to show that the advance was requested and made. No withholding authorizations are required by G.S. 95-25.8(2) when the employer deducts for the advanced wages.

(g) In the absence of an executed loan document, the principal of a loan from an employer to an employee is considered to be an advance of wages. Such loans may include credit advanced by the employer to an employee at the employee's request for purchasing from the employer items not primarily for the benefit of the employer. Deductions for interest and other related charges require written authorizations in accordance with these Rules. Personal loans from a supervisor to a subordinate or loans made by third parties to an employee with payroll deduction arrangements are not an advance of wages.

(h) An overpayment of wages to an employee as a result of a miscalculation of wages or other bona fide error may be treated as an advance of wages by the employer. If the employer underpays wages to an employee as a result of a miscalculation of wages or other bona fide error, the employer shall pay any such underpayment owed as soon as possible upon the discovery of the error along with accrued interest at the legal rate set forth in G.S. 24-1 from the date the wages first became due.

(i) Authorizations for deductions that are not permitted by law are invalid. For example:

- (1) G.S. 97-21 invalidates agreements by an employee to pay any portion of a premium paid by his or her

employer to a workers' compensation insurance carrier;

- (2) 13 NCAC 7F .0101(a)(2) requires the employer to provide, at no cost to the employee, all personal protective equipment which the employee does not wear off the jobsite for use off the job.

If an employer withholds or diverts wages for purposes not permitted by law, the employer shall be in violation of G.S. 95-25.6 or G.S. 95-25.7, or both, even if the employee authorizes the withholding in writing pursuant to G.S. 95-25.8(2), because that authorization is invalid.

(j) An employer may obtain a written authorization pursuant to G.S. 95-25.8(2)(a) and include in the authorization a provision for deducting the balance of the unpaid amount from the employee's paycheck in the event the employee separates before the full amount has been collected. If the employer obtains such an authorization, the employer may deduct as much of the balance possible from the final paycheck without having to give the employee notice of the amount and a reasonable opportunity to withdraw his or her authorization as required by G.S. 95-25.8(2)(b), subject to the withholding limitations of G.S. 95-25.10. If the employer does not include in the specific authorization an express provision to deduct the balance upon an employee's separation, then an employer shall not deduct from the final paycheck an unpaid balance which is greater than the specific amount or percentage authorized unless an additional authorization is obtained.

(k) A wage credit in the form of tips in accordance with Rule .0303 of this Section, or the reasonable costs of meals, lodging or other facilities in accordance with Rule .0301 of this Section, is not a withholding of wages and does not require written authorization pursuant to G.S. 95-25.8(2).

(l) An employer is permitted to establish an escrow or bond account funded by an employee's wages to recover amounts owed to the employer, as long as the employer obtains a valid authorization from the employee pursuant to G.S. 95-25.8(2) before diverting wages to such an account. An employer must also obtain a valid authorization from the employee before making a deduction from the account. Upon discontinuance of employment for any reason, remaining funds shall be returned to the employee.

.0310 "OTHER AMOUNTS PROMISED" AS WAGES

"Other amounts promised" as that term is used in G.S. 95-25.2(16) are those amounts which the employer has promised or has a policy or practice of paying and shall include, but are not limited to, travel expenses, holiday pay, birthday pay, jury duty pay, shift premium pay, prizes, moving expenses, educational expenses, or telephone expenses.

.0604 ADMINISTRATIVE REMEDIES

(a) For purposes of 95-25.22(g), "exhausting administrative remedies" means that the Commissioner shall:

- (2) Notify the employer and complainant(s), after completion of the investigation, of:
 - (A) The violations found and amounts found due; and

- (4) Notify the employer of any pending action.

(b) Employers wishing to exercise the right to be heard further shall:

- (1) Notify the Commissioner, within 14 days from the date the Commissioner notified the employer of the findings. The 14 days begins on the date the Commissioner mailed notification to the employer pursuant to Subparagraph (a)(2) of this Rule. The employer may notify the Commissioner either orally or in writing.
- (2) Present additional evidence to the Commissioner on disputed issues within 14 days from the date the employer notified the Commissioner of its intent to exercise the right to be heard further.

(c) The employer shall waive its right to be heard further if it:

- (2) fails to submit evidence in accordance with Subparagraph (b)(2) of this Rule; or
- (3) agrees to remedy the violations found and to pay in full the amounts found due.

(d) If the employer presents additional evidence in accordance with Paragraph (b) of this Rule, the Commissioner shall notify the employer and complainant(s) of any modifications which are made to the Commissioner's findings.

(e) For purposes of G.S. 95-25.22(g) and this Rule, the Commissioner shall make all notifications to the last known addresses of the employer and complainants.

(b) The maximum amount of a civil penalty shall be based on the nature and the gravity of the violation or violations. Matters which are indications of the gravity of a violation include, but are not limited to:

- (1) the likelihood of injury and the seriousness of the potential injuries to which a youth has been exposed;
 - (2) multiple violations by a business or employer;
 - (3) recurring violations;
 - (4) employment of any youth in a hazardous or detrimental occupation without a waiver from the Commissioner;
 - (5) violations involving youths under 14 years of age.

- (3) fifty dollars (\$50.00) if a certificate would have been issued but the employer did not have or maintain the certificate.

(d) Reductions in the penalty amount may be made based on the size of a business (number of employees and gross volume) and its past record of compliance with the Wage and Hour Act.

.0105 AGENTS SERVING AS CONTRACTORS

(a) An agent who is authorized in a specific local health department may contract with another local health department to provide services to the other local health department. When a local health department contracts for such services, the contracting department shall provide a statement to the Division on progress made to employ an individual who may be considered for authorization.

(b) A contract shall be created between the contracting local health department and the agent (contractor) to include at least the following provisions:

- (1) Names and addresses of each party.
- (2) Scope of work to be performed.
- (3) A requirement that the original public records remain in the local health department in which the work is performed. The public records shall be left at the local health department or with an individual employed by the local health department who shall be responsible for returning said records to the local health department within two business days of the service provided.
- (4) Designation of the party responsible for maintaining public records created by the agent.
- (5) A requirement that the contracting agent be available for consultation to the public being served during usual business hours.
- (6) A requirement that the contracting agent be available for any hearing or other legal proceeding which may ensue from activities conducted by the agent.

(c) The contracting agent shall maintain a list of each activity and the date performed for review in accordance with Paragraph (d) of this Rule.

(d) Each public record created by the contracting agent shall be reviewed, dated, and initialed by an authorized agent of the contracting local health department. In addition, at least 10 percent of the activities performed by the agent shall be reviewed in the field by an authorized agent employed by the contracting local health department. If the contracting local health department has no authorized agent, the Division shall conduct a review of each public record created by the contracting agent. In addition, at least 10 percent of the activities performed by the agent shall be reviewed on-site in the field by the Division. The review shall be conducted each month and shall cover the previous month's activities

conducted by the agent.

**SECTION .0200 - CLASSIFICATIONS AND
WATER QUALITY STANDARDS APPLICABLE
TO SURFACE WATERS AND WETLANDS OF
NORTH CAROLINA**

**.0248 RANDLEMAN LAKE WATER SUPPLY
WATERSHED: NUTRIENT MANAGEMENT
STRATEGY**

(a) All waters of the Randleman Lake (Deep River) water supply watershed are classified for water supply uses and designated by the Environmental Management Commission as a Critical Water Supply Watershed pursuant to G.S. 143-214.5(b). The following rules shall be implemented for the entire drainage area upstream of the Randleman Lake Dam:

- (1) Rule .0249 of this Section for Wastewater Discharges,

- (2) Rule .0250 of this Section for Protection and Maintenance of Riparian Areas, and
- (3) Rule .0251 of this Section for Urban Stormwater Management.

(b) Failure to meet the requirements of the Rules in this Section may result in the imposition of enforcement measures as authorized by G.S. 143-215.6A (civil penalties), G.S. 143-215.6B (criminal penalties), and G.S. 143-215.6C (injunctive relief).

(c) Development activities may be granted minor and major variances from the requirements of Rules .0250 and .0251 of this Section based on the process stated in 15A NCAC 2B .0104(r). However, for the purposes of Rules .0250 and .0251 of this Section, minor and major variances shall be defined as a variance from the more stringent Randleman Lake stormwater management requirements for the lower watershed and the more stringent riparian area requirements for the upper and lower watersheds.

**.0249 RANDLEMAN LAKE WATER SUPPLY
WATERSHED: WASTEWATER DISCHARGE
REQUIREMENTS**

The following is the National Pollutant Discharge Elimination System (NPDES) wastewater discharge management strategy for the Randleman Lake watershed. For purposes of this Rule, permitted wastewater discharges means those facilities permitted to discharge domestic wastewater or wastewaters containing phosphorus:

- (1) The City of High Point's Eastside facility shall meet a total phosphorus concentration predicted to provide a level of water quality in the Randleman Lake which meets all designated uses of those waters.
- (2) There shall be no new or expanding permitted wastewater discharges in the watershed with the exception that the City of High Point Eastside wastewater treatment plant may be allowed to expand provided that any new permit contains concentration and mass limits predicted to provide a level of water quality in the Randleman Lake which meets all designated uses of those waters.

**.0250 RANDLEMAN LAKE WATER SUPPLY
WATERSHED: PROTECTION AND
MAINTENANCE OF RIPARIAN AREAS**

The following is the management strategy for maintaining and protecting riparian areas in the Randleman Lake watershed:

- (1) Within 270 days of the effective date of this Rule, all local governments with jurisdictions in the

Randleman Lake watershed shall submit to the EMC for approval, local water supply ordinances, or modifications to existing ordinances, which include protection of riparian areas as provided in this Rule. Local governments shall use the following provisions in applying this Rule:

- (a) Riparian areas shall be protected and maintained in accordance with this Rule on all sides of surface waters in the Randleman Lake watershed such as intermittent streams, perennial streams, lakes, and ponds, as indicated on the most recent version of either the United States Geological Survey 1:24,000 scale (7.5 minute quadrangle) topographic maps or the Soil Survey maps developed by USDA-Natural Resource Conservation Service, or other site-specific evidence that indicates to the Division of Water Quality (DWQ) the presence of waters not shown on either of these two maps or, as provided in Sub-Item (2)(b) of this Rule, evidence that no actual stream or waterbody exists;
- (b) Local governments may, if they choose to do so, develop detailed stream network maps for the watershed based on these USGS and USDA-NRCS maps or criteria, approved by the Division of Water Quality, showing the presence or absence of a stream. These maps shall be submitted to the Division for approval by any local government wishing to use this method of implementation of riparian area protection. After these detailed stream network maps are approved by the Division, riparian areas shall be protected and maintained in accordance with this Rule on all sides of surface waters in the Randleman Lake watershed as delineated on these approved stream network maps; and
- (c) Exceptions to the requirements of this Rule for riparian areas are described in Sub-Items (2)(a)-(h) of this Rule. Maintenance of the riparian areas shall be such that, to the maximum extent possible, sheet flow of surface water is achieved. This Rule specifies requirements that shall be implemented in riparian areas to ensure that the pollutant removal functions of the riparian area are protected and maintained. All local governments that have land use authority within the proposed Randleman Lake water supply watershed shall adopt and enforce this Rule through local water supply and other local ordinances. Ordinances shall require that all riparian protection areas are recorded on new or modified plats. No building permits shall be issued and no new development shall take place in violation of this Rule.

- (2) The following waterbodies and land uses are exempt from the riparian area protection requirements:
 - (a) Ditches and manmade conveyances, other than modified natural streams, which under normal conditions do not receive drainage from any tributary ditches, canals, or streams, unless the ditch or manmade conveyance delivers runoff directly to waters classified in accordance with 15A NCAC 2B .0100;
 - (b) Areas mapped as intermittent streams, perennial streams, lakes, ponds, or estuaries on the most recent versions of United States Geological Survey 1:24,000 scale (7.5 minute quadrangle) topographic maps or soil survey maps where no perennial waterbody, intermittent waterbody, lake, pond or estuary actually exists on the ground;
 - (c) Ponds and lakes created for animal watering, irrigation, or other agricultural uses that are not part of a natural drainage way that is classified in accordance with 15A NCAC 2B .0100;
 - (d) Water dependent structures as defined in 15A NCAC 2B .0202, provided that they are located, designed, constructed and maintained to provide maximum nutrient removal, to have the least adverse effects on aquatic life and habitat and to protect water quality;
 - (e) The following uses where no practical alternative exists. A lack of practical alternatives may be shown by demonstrating that, considering the potential for a reduction in size, configuration or density of the proposed activity and all alternative designs, the basic project purpose cannot be practically accomplished in a manner which would avoid or result in less adverse impact to surface waters. Also, these structures shall be located, designed, constructed, and maintained to have minimal disturbance, to provide maximum nutrient removal and erosion protection, to have the least adverse effects on aquatic life and habitat, and to protect water quality to the maximum extent practical through the use of best management practices:
 - (i) Road crossings, railroad crossings, bridges, airport facilities, and utility crossings if conditions specified in Sub-Item(2)(e) of this Rule are met.
 - (ii) Stormwater management facilities and ponds, and utility construction and maintenance corridors for utilities such as water, sewer or gas, in Zone 2 of the riparian area as long as the conditions specified in Sub-Item (2)(e) of this Rule are met and they are located at least 30 feet from the top of bank or

mean high water line. Additional requirements for utility construction and maintenance corridors are listed in Sub-Item (2)(f) of this Rule;

- (f) A corridor for the construction and maintenance of utility lines, such as water, sewer or gas, (including access roads and stockpiling of materials) running parallel to the stream and located within Zone 2 of the riparian area, as long as no practical alternative exists, as defined in Sub-Item (2)(e) of this Rule, and best management practices are installed to minimize runoff and maximize water quality protection to the maximum extent practicable. Permanent, maintained access corridors shall be restricted to the minimum width practicable and shall not exceed 10 feet in width except at manhole locations. A 10 feet by 10 feet perpendicular vehicle turnaround shall be allowed provided they are spaced at least 500 feet apart along the riparian area;
- (g) Stream restoration projects, scientific studies, stream gauging, water wells, passive recreation facilities such as boardwalks, trails, pathways, historic preservation and archaeological activities, provided that they are located in Zone 2 and are at least 30 feet from the top of bank or mean high water line and are designed, constructed and maintained to provide the maximum nutrient removal and erosion protection, to have the least adverse effects on aquatic life and habitat, and to protect water quality to the maximum extent practical through the use of best management practices. Activities that must cross the stream or be located within Zone 1, are allowed as long as all other requirements of this Item are met; and
- (h) Stream crossings associated with timber harvesting, if performed in accordance with the Forest Practices Guidelines Related to Water Quality (15A NCAC 1J .0201-.0209).
- (3) The protected riparian area shall have two zones as follows:
 - (a) Zone 1 is intended to be an undisturbed area of vegetation.
 - (i) Location of Zone 1: Zone 1 begins at the top of bank for intermittent streams and perennial streams and extends landward a distance of 30 feet on all sides of the waterbody, measured horizontally on a line perpendicular to the waterbody. For all other waterbodies, Zone 1 begins at the top of bank or mean high water line and extends landward a distance of 30 feet, measured horizontally on a line perpendicular to the waterbody.
 - (ii) The following practices and activities are allowed in Zone 1:
 - (A) Natural regeneration of forest vegetation and planting vegetation to enhance the riparian area if disturbance is minimized, provided that any plantings shall primarily consist of locally native trees and shrubs;
 - (B) Selective cutting of individual trees in Zone 1, where forest vegetation as defined in Rule .0202 of this Section exists, as long as the following conditions are met every 100 feet on each side of the stream:
 - (I) Of existing trees 12-inches and greater diameter breast height (dbh), a minimum of five trees must remain uncut;
 - (II) Trees 12-inches and greater dbh may be harvested based on the following equation:

$$\text{Number of Trees harvested} = (\text{Total number of trees greater than 12-inches dbh} - 5) / 2;$$
 - (III) No trees less than 12-inches dbh may be harvested unless exceptions provided in this Rule are met;
 - (IV) Trees may not be harvested more frequently than every 10 years; and
 - (V) No tracked or wheeled equipment are allowed;
 - (C) Horticulture or silvicultural practices to maintain the health of individual trees;
 - (D) Removal of individual trees which are in danger of causing damage to dwellings, other structures or the stream channel;
 - (E) Removal of dead trees and other timber cutting techniques necessary to prevent extensive pest or disease infestation if recommended by the Director, Division of Forest Resources and approved by the Director, Division of Water Quality; and

- (F) Ongoing agricultural operations provided that existing forest vegetation is protected.
- (iii) The following practices are not allowed in Zone 1:
 - (A) Land-disturbing activities and placement of fill and other materials, other than those allowed in Items (2) and (3)(a)(ii) of this Rule;
 - (B) New development, except as provided in Sub-Items (2)(d), (2)(e) and (2)(f) of this Rule;
 - (C) New on-site sanitary sewage systems which use ground adsorption;
 - (D) The application of fertilizer; and
 - (E) Any activity that threatens the health and function of the vegetation including, but not limited to, application of chemicals in amounts exceeding the manufacturer's recommended rate, uncontrolled sediment sources on adjacent lands, and the creation of any areas with bare soil.
- (b) Zone 2 is intended to provide protection through a vegetated riparian zone which provides for diffusion and infiltration of runoff and filtering of pollutants.
 - (i) Location of Zone 2: Zone 2 begins at the outer edge of Zone 1 and extends landward a minimum of 20 feet as measured horizontally on a line perpendicular to the waterbody. The combined minimum width of Zones 1 and 2 shall be 50 feet on all sides of the waterbody.
 - (ii) The following practices and activities are allowed in Zone 2 in addition to those allowed in Zone 1:
 - (A) Periodic mowing and removal of plant products such as timber, nuts, and fruit is allowed provided the intended purpose of the riparian area is not compromised by harvesting, disturbance, or loss of forest or herbaceous ground cover; and
 - (B) Grading and timber harvesting provided that vegetated ground cover be established immediately following completion of the land-disturbing activity.
 - (iii) The following practices and activities are not allowed in Zone 2:
 - (A) New development, except as provided in Sub-Items (2)(e) and (2)(f) of this Rule;
 - (B) New on-site sanitary sewage systems which use ground adsorption;
 - (C) Any activity that threatens the health and function of the vegetation including, but not limited to, application of chemicals in amounts exceeding the manufacturer's recommended rate, uncontrolled sediment sources on adjacent lands, and the creation of any areas with bare soil.
- (4) Timber removal and skidding of trees shall be directed away from the water course or water body. Skidding shall be done in a manner to prevent the creation of ephemeral channels perpendicular to the water body. Any tree removal must be performed in a manner that does not compromise the intended purpose of the riparian area and is in accordance with the Forest Practices Guidelines Related to Water Quality (15A NCAC 1J .0201-.0209).
- (5) Maintenance of sheet flow in Zones 1 and 2 is required in accordance with this Item.
 - (a) Sheet flow must be maintained to the maximum extent practical through dispersing concentrated flow and re-establishment of vegetation to maintain the effectiveness of the riparian area.
 - (b) Concentrated runoff from new ditches or manmade conveyances must be dispersed into sheet flow before the runoff enters Zone 2 of the riparian area. Existing ditches and manmade conveyances, as specified in Sub-Item (2)(a) of this Rule, are exempt from this requirement; however, care shall be taken to minimize pollutant loading through these existing ditches and manmade conveyances from fertilizer application or erosion.
 - (c) Periodic corrective action to restore sheet flow shall be taken by the landowner if necessary to impede the formation of erosion gullies which allow concentrated flow to bypass treatment in the riparian area.
- (6) Periodic maintenance of modified natural streams such as canals is allowed provided that disturbance is minimized and the structure and function of the riparian area is not compromised. A grassed travelway is allowed on one side of the waterbody when alternative forms of maintenance access are not practical. The width and specifications of the travelway shall be only that needed for equipment access and operation. The travelway shall be located to maximize stream shading.
- (7) Where the standards and management requirements

for riparian areas are in conflict with other laws, regulations, and permits regarding streams, steep slopes, erodible soils, wetlands, floodplains, forest harvesting, surface mining, land disturbance activities, or other environmental protection areas, the more protective shall apply.

- (8) The existing water supply requirement in Rule 2B .0216(3)(b) of this Section that stipulates a 100 foot vegetated buffer, adjacent to perennial streams, for all new development activities which utilize the high density option, applies to the entire Randleman Lake watershed. The first 50 feet of these riparian areas on either side of these waters must also be protected in accordance with all the requirements of this Rule.

**.0251 RANDLEMAN LAKE WATER SUPPLY
WATERSHED: STORMWATER
REQUIREMENTS**

The following is the urban stormwater management strategy for the Randleman Lake watershed:

- (1) All local governments that have land use authority within the Randleman Lake watershed shall comply with stormwater management requirements as outlined in this Rule. Although the management requirements for the upper and the lower portions of the watershed are similar, additional density-related stormwater requirements apply to the lower portion of this watershed that do not apply to the upper portion of the watershed. The upper portion of the watershed is defined as those waters and lands of the Deep River watershed which drain to the Oakdale-Cotton Mill Dam. The lower portion of the watershed are those waters and lands of the Deep River upstream and draining to the Randleman Lake Dam, from the Oakdale-Cotton Mill Dam to the Randleman Dam.
- (2) To meet the requirements of this Rule, the local governments with jurisdictions in the upper portion of the Randleman Reservoir watershed shall meet the state's rules for a WS-IV classification as specified in 15A NCAC 2B .0104, .0202 and .0216, the conditions specified in their existing ordinances, the riparian area protection requirements of Rule .0250 of this Section, along with the stormwater planning requirements set forth in Sub-Items (4), (5), and (6) of this Rule.
- (3) To meet the requirements of this Rule, local governments with jurisdictions in the lower portion of the Randleman Lake watershed shall meet the provisions of Sub-Items (4), (5) and (6) of this Rule along with the following:
 - (a) Within 270 days of the effective date of this Rule, the affected jurisdictions, in coordination with the Piedmont Triad

Regional Water Authority, shall submit local water supply ordinances to the Environmental Management Commission for approval. The ordinances shall at least meet the state's minimum rules for a WS-IV classification as specified in 15A NCAC 2B .0104, .0202 and .0216, except that the requirements of this Sub-Item shall replace the nonpoint source requirements in 15A NCAC 2B .0216(3)(b) for the lower portion of the Randleman Lake watershed.

- (b) The local ordinances shall provide for review and approval of stormwater management plans for new developments to ensure that the following conditions can be met:
 - (i) Stormwater pollution control criteria for the Randleman Lake watershed outside of critical area:
 - (A) Low Density Option: For each development project, development density must be limited to either no more than one dwelling unit per acre of single family detached residential development (or 40,000 square foot lot excluding roadway right-of-way) or 12 percent built-upon area for all other residential and non-residential development. Stormwater runoff shall be transported primarily by vegetated conveyances. Conveyance system shall not include a discrete stormwater collection system as defined in Rule 15A NCAC 2B .0202;
 - (B) High Density Option: If new development exceeds the low density option requirements as stated in Sub-Item (2)(b)(i) of this Rule, then engineered stormwater controls must be used to control runoff from the first inch of rainfall. Engineering controls may consist of wet detention ponds designed in accordance with 15A NCAC 2H .1000 or alternative stormwater management systems consisting of other treatment options, or a combination of options, that are approved by the Director of the Division of Water Quality in accordance with 15A NCAC 2B .0104(g). New residential and non residential development

- shall not exceed 50 percent built-upon area, unless an alternative high density option is submitted to the Commission as part of the submittal of the local water supply watershed protection ordinance and determined by the Commission to provide equal or greater water quality protection in Randleman Reservoir and its tributaries;
- (C) Cluster development shall be allowed on a project-by-project basis as follows:
- (I) overall density of the project meets associated density or stormwater control requirements of this Section;
 - (II) buffers meet the minimum statewide water supply watershed protection requirements and those specified for the Randleman Lake watershed riparian areas in Rule .0250 of this Section;
 - (III) built-upon areas are designed and located to minimize stormwater runoff impact to the receiving waters, minimize concentrated stormwater flow, maximize the use of sheet flow through vegetated areas, and maximize the flow length through vegetated areas;
 - (IV) areas of concentrated development are located in upland areas and away, to the maximum extent practicable, from surface waters and drainageways;
 - (V) remainder of tract to remain in vegetated or natural state by utilization of one of the methods provided in Sub-Item 3(b)(i)(C)(VI) of this Rule;
 - (VI) area in the vegetated or natural state may be conveyed to a property owners association; a local government for preservation as a park or greenway; a conservation organization; or placed in a permanent conservation or farmland preservation easement;
 - (VII) a maintenance agreement for the vegetated or natural area shall be filed with the Register of Deeds; and
 - (VIII) cluster development that meets the applicable low density option requirements shall transport stormwater runoff from the development by vegetated conveyances to the maximum extent practicable;
- (D) If local governments choose the high density development option which requires engineered stormwater controls, then they shall assume ultimate responsibility for operation and maintenance of the required controls as outlined in Rule .0104 of this Subchapter;
- (E) Impervious cover shall be minimized to the maximum extent practical through clustering, narrower and shorter paved areas (streets, driveways, sidewalks, cul-de-sacs, and parking lots), and spreading rooftop and other impervious area runoff over pervious areas. Land clearing during the construction process shall be limited to the maximum extent practical. The local government permit shall require recorded deed restrictions and protective covenants to ensure that development activities maintain the development consistent with the plans and specifications approved by the local governments;
- (F) The project is in compliance with the riparian area protection requirements as specified in 15A NCAC 2B .0250 (Randleman Lake riparian area rule);
- (G) No new development shall be

allowed within 50 feet of waters affected by the Randleman riparian area rule 15A NCAC 2B .0250;

- (H) New development meeting the high density option shall be located at least 100 feet from perennial waters as identified on topo or soil survey maps; however, within the area between 50 and 100 feet adjacent to the perennial water body, water dependent structures, or other structures, such as flag poles, signs and security lights, which result in only diminimus increases in impervious area and public projects such as road crossings and greenways may be allowed where no practicable alternative exists; these activities shall minimize built-upon surface area, divert runoff away from surface waters and maximize the utilization of BMPs;
- (I) For local governments that do not use the high density option, a maximum of 10 percent of each jurisdiction's portion of the watershed outside of the critical area as delineated on April 1, 1999 may be developed with new development projects and expansions to existing development of up to 70 percent built-upon surface area in addition to the new development approved in compliance with the appropriate requirements of Sub-Item (3)(b)(ii)(A) of this Rule. For expansions to existing development, the existing built-upon surface area shall not be counted toward the allowed 70 percent built-upon surface area. A local government having jurisdiction within the watershed may transfer, in whole or in part, its right to the 10 percent/70 percent land area to local government within the watershed upon submittal of a joint resolution for review by the Commission. When the designated water supply watershed area is composed of

public land, such as National Forest land, local governments may count the public land acreage within the designated watershed area outside of the critical area in figuring the acreage allowed under this provision. Each project shall, to the maximum extent practicable, minimize built-upon surface area, direct stormwater runoff away from surface waters and incorporate best management practices to minimize water quality impacts;

- (ii) Stormwater pollution control criteria for critical areas of the watershed:
 - (A) Low Density Option: Development density must be limited to either no more than one dwelling unit per two acres of single family detached residential development (or 80,000 square foot lot excluding roadway right-of-way) or six percent built-upon area for all other residential and non-residential development. Stormwater runoff shall be transported primarily by vegetated conveyances to the maximum extent practicable;
 - (B) High Density Option: If new development exceeds the low density option requirements as stated in Sub-Item (3)(b)(ii) of this Rule, then engineered stormwater controls must be used to control runoff from the first inch of rainfall. New residential and non residential development shall not exceed 30 percent built-upon area;
 - (C) No new permitted sites for land application of residuals or petroleum contaminated soils shall be allowed;
 - (D) No new landfills shall be allowed; and
 - (E) Sub-Items (3)(b)(i)(C)-(H) of this Rule also apply to the critical area.
- (4) Within 12 months of the effective date of adoption of this Rule, all local governments with jurisdictions in the Randleman Lake watershed shall develop comprehensive stormwater management plans and submit those plans to the Commission for review and approval. Comprehensive stormwater

management plans meeting the criteria set forth in Subparts (4)(a) through (4)(f) of this Rule shall be approved. Within six months of the Commission's approval of the local plan, subject local governments shall adopt and implement their approved plan. Those plans shall include, but not be limited to, the following:

- (a) Evaluation of existing land use within Oak Hollow Lake subwatershed, High Point Lake subwatershed and Deep River I subwatershed in the Randleman Lake watershed with recommendations that show how overall built-upon area (for existing and future development) for each subwatershed can be minimized and high intensity land uses can be targeted away from surface waters and sensitive areas. Oak Hollow Lake subwatershed is defined as all land areas draining to Oak Hollow Lake. High Point Lake subwatershed is defined as all land areas draining to High Point Lake, East Fork Deep River and West Fork Deep River from Oak Hollow Lake Dam. Deep River I subwatershed is defined as all land areas draining to the Deep River from High Point Lake Dam to Freeman Mill Dam. This evaluation shall be done by the local governments having jurisdiction in those watersheds, working in cooperation with the PTRWA;
- (b) Coordination between all affected jurisdictions to encourage their development in the existing urban areas. The planning effort shall include provisions for areas of contiguous open space to be protected through conservation easements or other long-term protection measures and provisions to direct infrastructure growth towards existing urban development corridors rather than to rural lands;
- (c) Evaluation of existing ordinances, municipal programs (maintenance, street cleaning, etc.) and other local policies to identify opportunities for stormwater quality improvements including reducing the amount of built-upon area that is required for uses such as parking, building setbacks, road widths and cul-de-sacs. The evaluations shall consider development options such as multiple story buildings, mixed use to encourage pedestrian travel and mass transit and an identification of municipal activities and procedures that may be modified to allow for stormwater pollution prevention opportunities;
- (d) Implementation of watershed protection public education programs;
- (e) Identification and removal of illegal

discharges; and

- (f) Identification of suitable locations for potential stormwater retrofits (such as riparian areas) that could be funded by various sources.
- (5) Local governments may submit a more stringent local stormwater management program plan. Local stormwater management programs and modifications to these programs shall be kept on file by the Division of Water Quality.
- (6) If a local government fails to submit an acceptable local stormwater management program plan within the time frames established in this Rule or fails to properly implement an approved plan, then stormwater management requirements for existing and new urban areas within its jurisdiction shall be administered through the NPDES municipal stormwater permitting program per 15A NCAC 2H .0126 which shall include at a minimum:
 - (a) Subject local governments shall be required to develop and implement comprehensive stormwater management programs for both existing and new development.
 - (b) These stormwater management programs shall provide all components that are required of local government stormwater programs in this Rule.
 - (c) Local governments that are subject to an NPDES permit shall be covered by the permit for at least one permitting cycle (five years) before they are eligible to submit a revised local stormwater management component of their water supply watershed protection program for consideration and approval by the EMC.

(15A NCAC 2B .0100, .0200 and .0300) which became effective on August 3, 1992. In

some cases, streams with primary classifications other than WS were reclassified to a WS classification due to their proximity and linkage to water supply waters. In other cases, waters were reclassified from a WS classification to an alternate appropriate primary classification after being identified as downstream of a water supply intake or identified as not being used for water supply purposes.

CHAPTER 3 - MARINE FISHERIES

SUBCHAPTER 3P - HEARING PROCEDURES

SECTION .0200 - DECLARATORY RULINGS

**.0202 PROCEDURE FOR REQUESTING
DECLARATORY RULINGS**

(a) All requests for a declaratory ruling shall be filed in writing with the Director of the Division of Marine Fisheries, Department of Environment and Natural Resources (DENR), P.O. Box 769, Morehead City, North Carolina 28557. All requests shall include the following: the aggrieved person's name and address; the rule, statute or order upon which a ruling is desired; a concise statement as to whether the request is for a ruling on the validity of a rule or on the applicability of a rule, order or statute to a given factual situation; arguments or data which demonstrate that the petitioner is aggrieved by the rule or statute or its potential application to him; a statement of the consequences of a failure to issue a declaratory ruling in favor of the petitioner; and a statement of whether an oral argument is desired, and, if so, the reasons for requesting such an oral argument.

(b) A request for a ruling on the applicability of a rule, order, or statute must include a description of the factual situation on which the ruling is to be based. A request for a ruling on the validity of a Commission rule must state the aggrieved person's reasons for questioning the validity of the rule. A person may ask for both types of rulings in a single request. A request for a ruling must include or be accompanied by:

- (1) a statement of the facts proposed for adoption by the Commission; and
- (2) a draft of the proposed ruling.

(c) Before deciding the merits of the request, the Commission may:

- (1) request additional written submissions from petitioner(s);
- (2) request a written response from the Division staff or any other person; or
- (3) hear oral argument from the petitioner(s) and Division staff.

(d) Unless the Division waives the opportunity to be heard, it shall be a party to any request for declaratory ruling. Upon written request, the requesting party and the Division may each be allowed to present oral arguments to the Commission at a regularly scheduled meeting. Neither party may offer testimony or conduct cross-examination before the Commission. The declaratory ruling shall be determined on the basis of the statement of facts submitted by the parties.

(e) Whenever the Commission believes "for good cause" that the issuance of a declaratory ruling is undesirable, the Commission may refuse to issue such ruling. The Commission shall notify in writing the person requesting the ruling, stating the reasons for the refusal to issue a ruling on the request.

(f) For purposes of Subpart (e) of this Rule, the Commission shall ordinarily refuse to issue a ruling on a request for declaratory ruling on finding that:

- (1) the petitioner(s) and the Division cannot agree on a set of facts sufficient to support a meaningful ruling;
- (2) there has been a similar determination in a previous contested case or declaratory ruling;
- (3) the matter is the subject of a pending contested case hearing or litigation in any North Carolina or federal

court; or

- (4) no genuine controversy exists as to the application of a statute or rule to the factual situation presented.

(g) The Commission shall keep a record of each declaratory ruling, which shall include at a minimum the following items:

- (1) the request for a ruling;
- (2) any written submissions by the parties;
- (3) the statement of facts on which the ruling was based;
- (4) any transcripts of oral proceedings, or, in the absence of a transcript, a summary of all arguments;
- (5) any other matter considered by the Commission in making the decision; and
- (6) the declaratory ruling, or the decision to refuse to issue a declaratory ruling, together with the reasons therefore.

(h) A declaratory ruling is binding on the Commission and the person requesting it unless it is altered or set aside by the court. The Commission may not retroactively change a declaratory ruling, but nothing in this Section prevents the Commission from prospectively changing a ruling.

(i) Unless the requesting party consents to the delay, failure of the Commission to issue a ruling on the merits or deny the request within 60 days of receipt of the request for such ruling shall constitute a denial of the request as well as a denial of the merits of the request and shall be subject to judicial review.

CHAPTER 7 - COASTAL MANAGEMENT

**SUBCHAPTER 7H - STATE GUIDELINES FOR
AREAS OF ENVIRONMENTAL CONCERN**

SECTION .0300 - OCEAN HAZARD AREAS

**.0308 SPECIFIC USE STANDARDS FOR OCEAN
HAZARD AREAS**

(a) Ocean Shoreline Erosion Control Activities:

- (1) Use Standards Applicable to all Erosion Control Activities:
 - (A) All oceanfront erosion response activities shall be consistent with the general policy statements in 15A NCAC 7M .0200.
 - (B) Permanent erosion control structures may cause significant adverse impacts on the value and enjoyment of adjacent properties or public access to and use of the ocean beach, and, therefore, are prohibited. Such structures include, but are not limited to: bulkheads; seawalls; revetments; jetties; groins and breakwaters.
 - (C) Rules concerning the use of oceanfront erosion response measures apply to all oceanfront properties without regard to the size of the structure on the property or the

- date of its construction.
- (D) All permitted oceanfront erosion response projects, other than beach bulldozing and temporary placement of sandbag structures, shall demonstrate sound engineering for their planned purpose.
 - (E) Shoreline erosion response projects shall not be constructed in beach or estuarine areas that sustain substantial habitat for important fish and wildlife species unless adequate mitigation measures are incorporated into project design, as set forth in Rule .0306(i) of this Section.
 - (F) Project construction shall be timed to minimize adverse effects on biological activity.
 - (G) Prior to completing any erosion response project, all exposed remnants of or debris from failed erosion control structures must be removed by the permittee.
 - (H) Erosion control structures that would otherwise be prohibited by these standards may be permitted on finding that:
 - (i) the erosion control structure is necessary to protect a bridge which provides the only existing road access to a substantial population on a barrier island; that is vital to public safety; and is imminently threatened by erosion;
 - (ii) the erosion response measures of relocation, beach nourishment or temporary stabilization are not adequate to protect public health and safety; and
 - (iii) the proposed erosion control structure will have no adverse impacts on adjacent properties in private ownership and will have minimal impacts on public use of the beach.
 - (I) Structures that would otherwise be prohibited by these standards may also be permitted on finding that:
 - (i) the structure is necessary to protect an historic site of national significance, which is imminently threatened by shoreline erosion; and
 - (ii) the erosion response measures of relocation, beach nourishment or temporary stabilization are not adequate and practicable to protect the site; and
 - (iii) the structure is limited in extent and scope to that necessary to protect the site; and
 - (iv) any permit for a structure under this Part (I) may be issued only to a sponsoring public agency for projects where the public benefits clearly outweigh the short or long range adverse impacts. Additionally, the permit must include conditions providing for mitigation or minimization by that agency of any significant and unavoidable adverse impacts on adjoining properties and on public access to and use of the beach.
 - (J) Structures that would otherwise be prohibited by these standards may also be permitted on finding that:
 - (i) the structure is necessary to maintain an existing commercial navigation channel of regional significance within federally authorized limits; and
 - (ii) dredging alone is not practicable to maintain safe access to the affected channel; and
 - (iii) the structure is limited in extent and scope to that necessary to maintain the channel; and
 - (iv) the structure will not result in substantial adverse impacts to fisheries or other public trust resources; and
 - (v) any permit for a structure under this Part (J) may be issued only to a sponsoring public agency for projects where the public benefits clearly outweigh the short or long range adverse impacts. Additionally, the permit must include conditions providing for mitigation or minimization by that agency of any significant and unavoidable adverse impacts on adjoining properties and on public access to and use of the beach.
 - (K) Proposed erosion response measures using innovative technology or design shall be considered as experimental and shall be evaluated on a case-by-case basis to determine consistency with 15A NCAC 7M .0200 and general and specific use standards within this Section.
- (2) Temporary Erosion Control Structures:
- (A) Permittable temporary erosion control structures shall be limited to sandbags placed above mean high water and parallel to the shore.
 - (B) Temporary erosion control structures as defined in Part (2)(A) of this Subparagraph may be used only to protect imminently threatened roads and associated right of ways, and buildings and associated septic systems. A structure will be considered to be imminently threatened if its foundation septic system, or right-of-way in the case of roads, is less than 20 feet away from the erosion scarp. Buildings and roads located more than 20 feet

from the erosion scarp or in areas where there is no obvious erosion scarp may also be found to be imminently threatened when site conditions, such as a flat beach profile or accelerated erosion, tend to increase the risk of imminent damage to the structure.

- (C) Temporary erosion control structures may be used to protect only the principal structure and its associated septic system, but not such appurtenances as gazebos, decks or any amenity that is allowed as an exception to the erosion setback requirement.
- (D) Temporary erosion control structures may be placed seaward of a septic system when there is no alternative to relocate it on the same or adjoining lot so that it is landward of or in line with the structure being protected.
- (E) Temporary erosion control structures must not extend more than 20 feet past the sides of the structure to be protected. The landward side of such temporary erosion control structures shall not be located more than 20 feet seaward of the structure to be protected or the right-of-way in the case of roads.
- (F) A temporary erosion control structure may remain in place for up to two years after the date of approval if it is protecting a building with a total floor area of 5000 sq. ft. or less, or, for up to five years if the building has a total floor area of more than 5000 sq. ft. A temporary erosion control structure may remain in place for up to five years if it is protecting a bridge or a road. The property owner shall remove the temporary structure within 30 days of the end of the allowable time period. A temporary erosion control structure may remain in place for up to five years regardless of the size of the structure if the community in which it is located is actively pursuing a beach nourishment project. For purposes of this Rule, a community is considered to be actively pursuing a beach nourishment project if it has:
 - (i) been issued a CAMA permit approving such project, or
 - (ii) been deemed worthy of further consideration by a U.S. Army Corps of Engineers' Beach Nourishment Reconnaissance Study, or
 - (iii) received a favorable economic evaluation report on a federal project approved prior to 1986.
- (G) Once the temporary erosion control structure is determined to be unnecessary due to relocation or removal of the threatened structure, it must be removed by the property owner within 30 days.

(H) Removal of temporary erosion control structures shall not be required if they are covered by dunes with vegetation sufficient to be considered stable and natural.

- (I) The property owner shall remove remnants of all portions of any damaged temporary erosion control structure.
 - (J) Sandbags used to construct temporary erosion control structures shall be tan in color and three to five feet wide and seven to 15 feet long when measured flat. Base width of the structure shall not exceed 20 feet, and the height shall not exceed six feet.
 - (K) Soldier pilings and other types of devices to anchor sandbags shall not be allowed.
 - (L) Construction of a temporary erosion control structure shall be approved only once on any property regardless of ownership.
 - (M) Existing sandbag structures may be maintained provided that the permitted dimensions are not exceeded.
 - (N) Existing sandbag structures that have been properly installed prior to May 1, 1995 shall be allowed to remain in place according to the provisions of Parts (F), (G) and (H) of this Subparagraph with the pertinent time periods beginning on May 1, 1995.
- (3) Beach Nourishment/Spoil Disposal.
- (A) Sand used for beach nourishment shall be compatible with existing grain size and type. Sand to be used for beach nourishment shall be taken only from those areas where the resulting environmental impacts will be minimal.
 - (B) At the commencement of any large scale beach nourishment or spoil deposition project, the vegetation line shall be located by DCM and surveyed by the project sponsor or permittee. Said line shall be used for setback determinations so long as the spoil deposition or beach nourishment project is being maintained. A project shall be considered large scale when:
 - (i) it places more than a total volume of 200,000 cubic yards of sand at an average ratio of more than 50 cubic yards of sand per linear foot of shoreline, or
 - (ii) it is a Hurricane Protection project constructed by the U.S. Army Corps of Engineers.
 - (C) The vegetation lines in effect on the effective date of this Rule for Wrightsville Beach and Carolina Beach Hurricane Protection projects shall continue to be used after the effective date of this Rule.
- (4) Beach Bulldozing. Beach bulldozing (defined as the process of moving natural beach material from any

point seaward of the first line of stable vegetation to create a protective sand dike or to obtain material for any other purpose) is development and may be permitted as an erosion response if the following conditions are met:

- (A) The area on which this activity is being performed must maintain a slope of adequate grade so as to not endanger the public or the public's use of the beach and shall follow the pre-emergency slope as closely as possible. The movement of material utilizing a bulldozer, front end loader, backhoe, scraper, or any type of earth moving or construction equipment shall not exceed one foot in depth measured from the pre-activity surface elevation;
- (B) The activity must not exceed the lateral bounds of the applicant's property unless he has permission of the adjoining land owner(s);
- (C) Movement of material from seaward of the low water line will require a CAMA Major Development and State Dredge and Fill Permit;
- (D) The activity must not significantly increase erosion on neighboring properties and must not have a significant adverse effect on important natural or cultural resources;
- (E) The activity may be undertaken to protect threatened on-site waste disposal systems as well as the threatened structure's foundations.

(b) Dune Establishment and Stabilization. Activities to establish dunes shall be allowed so long as the following conditions are met:

- (1) Any new dunes established shall be aligned to the greatest extent possible with existing adjacent dune ridges and shall be of the same general configuration as adjacent natural dunes.
- (2) Existing primary and frontal dunes shall not, except for beach nourishment and emergency situations, be broadened or extended in an oceanward direction.
- (3) Adding to dunes shall be accomplished in such a manner that the damage to existing vegetation is minimized. The filled areas will be immediately replanted or temporarily stabilized until planting can be successfully completed.
- (4) Sand used to establish or strengthen dunes must be of the same general characteristics as the sand in the area in which it is to be placed.
- (5) No new dunes shall be created in inlet hazard areas.
- (6) Sand held in storage in any dune, other than the frontal or primary dune, may be redistributed within the AEC provided that it is not placed any farther oceanward than the crest of a primary dune or landward toe of a frontal dune.
- (7) No disturbance of a dune area will be allowed when other techniques of construction can be utilized and alternative site locations exist to avoid unnecessary

dune impacts.

(c) Structural Accessways:

- (1) Structural accessways shall be permitted across primary dunes so long as they are designed and constructed in a manner which entails negligible alteration on the primary dune. Structural accessways may not be considered threatened structures for the purpose of Paragraph (a) of this Rule.
- (2) An accessway shall be conclusively presumed to entail negligible alteration of a primary dune:
 - (A) The accessway is exclusively for pedestrian use;
 - (B) The accessway is less than six feet in width; and
 - (C) The accessway is raised on posts or pilings of five feet or less depth, so that wherever possible only the posts or pilings touch the frontal dune. Where this is deemed impossible, the structure shall touch the dune only to the extent absolutely necessary. In no case shall an accessway be permitted if it will diminish the dune's capacity as a protective barrier against flooding and erosion; and
 - (D) Any areas of vegetation that are disturbed are revegetated as soon as feasible.
- (3) An accessway which does not meet Part (2)(A) and (B) of this Paragraph shall be permitted only if it meets a public purpose or need which cannot otherwise be met and it meets Part (2)(C) of this Paragraph. Public fishing piers shall not be deemed to be prohibited by this Rule, provided all other applicable standards are met.
- (4) In order to avoid weakening the protective nature of primary and frontal dunes a structural accessway (such as a "Hatteras ramp") shall be provided for any off-road vehicle (ORV) or emergency vehicle access. Such accessways shall be no greater than 10 feet in width and shall be constructed of wooden sections fastened together over the length of the affected dune area.
- (d) Construction Standards. New construction and substantial improvements (increases of 50 percent or more in value to the existing square footage) to existing construction shall comply with the following standards:
 - (1) In order to avoid unreasonable danger to life and property, all development shall be designed and placed so as to minimize damage due to fluctuations in ground elevation and wave action in a 100 year storm. Any building constructed within the ocean hazard area shall comply with the North Carolina Building Code and the local flood damage prevention ordinance as required by the National Flood Insurance Program. The building code or flood damage prevention ordinance may impose additional or more restrictive requirements than the following AEC standards.
 - (2) All structures in the ocean hazard area shall be on

pilings not less than eight inches in diameter if round or eight inches to a side if square.

- (3) All pilings shall have a tip penetration greater than eight feet below the lowest ground elevation under the structure. For those structures so located on the primary dune or nearer to the ocean, the pilings must extend to five feet below mean sea level.
- (4) All foundations shall be adequately designed to be stable during applicable fluctuations in ground elevation and wave forces during a 100 year storm. Cantilevered decks and walkways shall meet this standard or shall be designed to break-away without structural damage to the main structure.

No anchored or fixed gill net or drift net shall be used unless such net is marked for the protection of boat operators. A net shall be deemed so marked when there is attached to it at each end two separate yellow buoys which shall be of solid foam or other solid buoyant material no less than five inches in its smallest dimensions. The owner shall always be identified on a buoy on each end either by using engraved buoys or by attaching engraved metal or plastic tags to the buoys. Each pot must be marked by attaching a floating buoy which shall be of solid foam or other solid buoyant material and no less than five inches in diameter and no less than five inches in length. Buoys may be of any color except yellow. The owner shall always be identified on the attached buoy by using engraved buoys or by engraved metal or plastic tags attached to the buoy. Such identification shall include one of the following:

.0405 POSSESSION OF LICENSES

Except as indicated in this Rule, every individual participating in the taking of fish through the use of any special device must have the special device fishing license issued to him, personally, in his possession or readily available for inspection. A bow net or a dip net may be used by an individual other than the licensee with the licensee's permission, but such user must have the license in his possession or readily available for inspection. SECTION .1800 - HOSPITALS AND SANITARIUMS

**.1801 SALES TO AND BY HOSPITALS AND
SIMILAR INSTITUTIONS**

(a) General. -- Hospitals, sanitariums, nursing homes, and rest homes are primarily engaged in rendering services and are considered the users or consumers of all tangible personal property they purchase for use in connection with these institutions. These institutions are liable for payment of sales or use tax on their purchases of tangible personal property except as explained in this Rule.

(b) Drugs and Medicines. -- Hospitals, sanitariums, nursing homes, and rest homes are considered the users or consumers of drugs or medicines they administer to patients. Purchases of drugs or medicines, other than insulin, by these institutions for use are subject to the four percent state tax and any applicable local sales or use tax. Sales of insulin are exempt from sales or use taxes whether or not sold on prescription.

If one of these institutions operates a pharmacy from which it makes across the counter sales of medicines and drugs and from which it purchases all medicines and drugs used by it in treating patients, then the institution may purchase drugs or medicines from a supplier without payment of tax if the institution is registered with the Department of Revenue for sales or use tax purposes and has furnished the supplier with a properly executed Certificate of Resale, Form E-590. By executing the certificate of resale, the institution assumes the liability for payment of and must pay directly to the department all sales or use taxes due on drugs and medicines used by the institution in caring for its patients. Sales of drugs and medicines by the pharmacy on prescription of physicians and dentists are exempt from tax. Sales of drugs and medicines, other than insulin, by the pharmacy without written prescriptions of physicians or dentists are subject to the four percent state tax and any applicable local sales or use tax.

(c) Food. -- Purchases of food by hospitals, sanitariums, nursing homes, or rest homes for use in furnishing meals to patients are exempt from State tax, but not the two % local tax, if the food could be purchased under the Food Stamp Program. If food purchased by an institution could not be purchased under that Program, the food is subject to both State and local sales or use tax. If, in addition to furnishing meals to patients, one of these institutions operates a cafeteria from which it makes sales of prepared meals or food to guests, visitors, employees, staff, or other persons, the institution must register with the Department of Revenue and collect and remit the tax

on its sales. If the food purchased by the institution for use in furnishing meals to patients cannot be distinguished from the food purchased for resale through the cafeteria, the institution may purchase all the food under a certificate of resale. An institution that does this assumes liability for payment of sales or use tax on food used in furnishing meals to its patients and on sales of meals by the cafeteria.

(d) Meals to Students. -- Meals and food products sold by a hospital operated by a State or private educational institution to student nurses are exempt from tax in accordance with G.S. 105-164.13(27).

(e) Purchases for Consumption. -- Except as provided by Paragraphs (b) and (c) of this Rule, Certificates of Resale, Form E-590, may not be used by hospitals, sanitariums, nursing homes, or rest homes when making taxable purchases of tangible personal property for use or consumption. The tax due on taxable purchases from North Carolina suppliers or out-of-state suppliers who charge North Carolina sales or use tax must be paid to the suppliers. An institution that makes taxable purchases from an out-of-state supplier who does not collect and remit North Carolina sales or use tax must register with the department and remit monthly the tax due on the purchases.

SECTION .2200 - FOOD AND FOOD PRODUCTS FOR HUMAN CONSUMPTION

.2201 FOOD AND FOOD PRODUCTS

(a) General. -- All retail sales of food or food products are subject to applicable State and local sales or use tax unless a statute exempts the sales from tax. Food that can be purchased under the Food Stamp Program is exempt from State tax, but not the two percent local tax.

(b) Exempt Cafeteria Food. -- The schools, institutions, and organizations whose sales of food and meals are exempt under G.S. 105-164.13(26), (26a), or (27) are not required to register with the Department. Therefore, unless one of these entities is otherwise required to register with the Department by reason of making other sales or purchases subject to the sales or use tax, it cannot furnish a Certificate of Resale, Form E-590, to its suppliers. When making purchases of food to be sold, one of these entities that is not registered must give the supplier information to the effect that the food purchased is to be sold by the entity's school cafeteria or dining room, and the supplier must enter this information on its records and on the sales invoices. Otherwise, the transactions may be subject to the tax. Registered schools, institutions, and organizations must furnish a properly executed Certificate of Resale, Form E-590, to a supplier to purchase food without paying tax on the purchase.

For example, no CPA firm having just one CPA owner may have as a part of its name the words "associates" or "company" or their abbreviations. (j) **RECORDS.**

- (1) The pharmacist-manager shall, in addition to the requirements for preserving prescription orders as set forth in G.S. 90-85.26, develop a system of daily accountability for medication compounding and dispensing that shall permit the identification of the responsible pharmacist. Readily retrievable records of accountability shall be maintained for at least 30 days. At a minimum, this system shall identify all personnel who perform these activities and the pharmacist responsible for:
 - (A) interpretation and appropriateness of new medication orders;

chronological information and appropriate health care facility forms including the identity of individual(s) responsible. These documents shall be archived in a readily retrievable manner, open for inspection, for a period of three years.

- (3) Upon notification of information that reasonably suggests that there is a probability a prescription drug or device dispensed from a location holding a permit has caused or contributed to the death of a patient (see 21 NCAC 46 .2502(k) RESPONSIBILITY OF PHARMACIST-MANAGER), the pharmacist-manager shall retain all documents, labels, vial, supplies, substances and internal investigative reports relating to the event. All such items shall be maintained by the health care facility, accessible to the pharmacist-manager, and open to the Board of Pharmacy.
- (4) The pharmacist-manager shall maintain records of ordering, receiving, dispensing or transfer of controlled substances. These records shall include, but are not limited to the following:

 - (E) A perpetual inventory shall be maintained on all controlled substances awaiting destruction or return to a vendor.
- (5) Automated systems may be used to collect and store information required by Subparagraph (j)(4) of this Rule provided such system allows for the immediate retrieval (via CRT display and hard-copy printout) of original medication order information and dispensing history consistent with criteria cited in 21 CFR .1306 and 10 NCAC 46 .2304.
- (6) With the exception of Subparagraph (j)(1) of this Rule, all records required by this Section shall be maintained for a period of three years. Such records shall be archived in a uniform manner, retrievable to the pharmacy within 48 hours, and open for review, copying, or seizure by a member or designated employee of the Board.

LOG OF FILINGS

Chairman Powell presided over the review of the log and all rules were unanimously approved with the following exceptions:

10 NCAC 14V .4301: DHHS/Commission for MH/DD/SAS – The Commission objected to this rule due to ambiguity. In (2)(a), it is not clear what is meant by a "nationally accredited" therapeutic community. Who does the accrediting?

15A NCAC 21H .0110: DENR/Commission for Health Services – The Commission extended the period of review on this rule in order to receive information on whether "other rare hemoglobins with symptomatic abnormal clinical thalassima disease" is a variant of sickle cell disease, sickle cell trait, or sickle cell thalassemia.

21 NCAC 11 .0109: NC Board of Employee Assistance Professionals – The Commission objected to this rule due to ambiguity. The last two sentences in this rule contradict each other. One sentence says the materials may be obtained at no cost while the other says costs vary. It therefore is not clear what the costs are.

COMMISSION PROCEDURES AND OTHER MATTERS

A resolution was adopted by the Commission allowing employees of the Rules Review Commission to participate in a 401(k) plan. Mr. DeLuca announced that Ms. Gruber would be retiring on March 31, 1999 after 10 years with the Commission. The Joint Legislative Administrative Procedures Oversight Committee met recently. Commissioner Rader was unanimously elected as second Vice Chairman.

The next meeting will be on February 18, 1999.

The meeting adjourned at 11:10 a.m.

Respectfully submitted,
Sandy Webster

ISSUE

Did Respondent have just cause to terminate Petitioner?

FINDINGS OF FACT

1. Petitioner herein, William David Simpson, is former Health Director in Macon County. He served as an employee of the Macon County Health Department from 1967 to 1996. In 1975, he was appointed Director of the Macon County Health Department.

2. Petitioner is a lifelong citizen of Macon County. Macon County is a rural mountain county located in the western part of the State of North Carolina, with a population of approximately 27,000 people. The county seat of Macon County is Franklin, and the Petitioner was born and raised in Franklin, North Carolina. His family owns a family business in Franklin called Simpson Oil Company.

3. During the course of his employment as a Director of Macon County Health Department, the Petitioner has received no disciplinary warnings, actions, or incidents. He was nominated as Health Director of the year in the State of North Carolina by the sitting Board of Health on June 8, 1995. (Petitioner's Exhibit Number 17). His evaluations during his tenure as Health Director were always exemplary, and there were no incidents of unsatisfactory performance cited in his evaluations.

4. In 1995, the chairman of the Macon County Board of Health was Dr. Fisher. The vice chairman was Dolan Bates. Other members of the Board of Health at that time included Mr. Michael Cummings, a pharmacist, Mr. Al Ledford, Dr. King, and various other individuals.

5. Commencing approximately in the middle of 1995, and including and continuing through the end of 1996, many of these members of the Board of Health were replaced. New members who were appointed to the board during this period of time, included Terry Dalton, Sutton Russell, George Sweet, Mack Stanfield, Bob Richardson, and John Hamm.

6. Because of the Petitioner's lifelong residence in Macon County, and specifically in the town of Franklin, he had contact, over the period of time that he was Director of the Health Department, with the vast majority of citizens in Macon County. Macon County, being a small rural mountain county, is the type of geographical location where just about everyone knew everyone else, and where just about everyone had business with the county, at one time or another, and in one fashion or another.

7. At the time of the events complained of in this petition, Petitioner had approximately 360 months of continuous state employment, and was a pay grade 73. He is a career state employee as defined under Chapter 126 of the North Carolina General Statutes.

8. During the year 1996, and specifically starting in April of 1996, the Board of Health, in Macon County, began to have some concerns in respect to matters concerning the Petitioner's tenure as Health Director. These concerns centered around a trip to Clayton, Georgia, payments to an architect for the expansion of the Health Department, and allegations concerning personal loans which the Petitioner has obtained from various individuals located in Macon County.

9. On or about September 30, 1996, the Board of Health caused the Petitioner to be placed on investigatory leave with pay pending and investigation into these and other matters. The board requested the State Bureau of Investigation to conduct this investigation, and coordinated the investigation with the District Attorney's office. The leave with pay status for the Petitioner was extended on three different occasions so that it was scheduled to expire on January 13, 1997.

10. Throughout the fall of 1996, State Bureau of Investigation Agent Ned Whidmire conducted an investigation into certain alleged activities of the Petitioner herein. He interviewed many individuals, and provided information by way of feedback to the Board of Health concerning this findings. In late November of 1996, and into early December of 1996, he met with most of the members of the Board of Health to advise them of the results of the investigation.

11. On December 13, 1998, prior to the completion of the entire SBI investigation, the Board issued the Petitioner a "pre-dismissal" letter, alleging that he had engaged in conduct which constituted grossly unacceptable job performance, and/or unacceptable personal conduct.

12. The pre-dismissal conference was continued, but eventually the Petitioner appeared before the Board of Health on January 9, 1997, with his attorney, at the "pre-dismissal conference".

13. Prior to this pre-dismissal conference, the Petitioner's attorney had written to the attorney for the Board of Health requesting that the pre-dismissal conference be continued until the SBI investigation could be completed, and had also requested more specificity in respect to the matters set forth in the pre-dismissal notice so the Petitioner could adequately respond thereto. (See Petitioner's Exhibit Number 4).

14. At the pre-dismissal conference, the Petitioner's attorney again requested that the matter not be heard because of the pending SBI investigation. He requested more specificity in respect to the charges and indicated that Petitioner could not respond adequately due to the pending SBI investigation, and the need to exercise his rights under the fifth amendment of the United States Constitution. (See transcript of pre-dismissal conference, Petitioner's Exhibit Number 28).

15. The Board denied these requests, terminated the pre-dismissal conference, and met on January 13, 1997. At that meeting, a vote was taken, and Petitioner was dismissed from his employment.

16. After the vote was taken by the Board, Chairman Terry Dalton, County Manager Sam Greenwood, and Attorney Richard Jones dictated a dismissal letter, which specified certain allegations which the Board alleged constituted the basis for the dismissal of the Petitioner herein. These allegations are as follows:

1. Conduct for which no reasonable person should expect to receive prior warning, in the following particulars:

A. Your statement made to then Chairman Ledford at the September 10, 1996, meeting that, other than the instance of your borrowing from James Keener the sum of \$400, as represented by your noted dated March 22, 1994, there were no other instances in which you borrowed monies from individuals

or businesses which you or Macon County Health Department regulated. This statement was found to be untrue when it was determined that you had borrowed money from the following individuals: Eric Townson, Al Byers, Lou Capaforte, Mrs. Neville Bryson, Anna Belle Houston and Sue Dean.

B. Your removal from the Macon County Building and Inspection Department of the inspections file concerning the permitting of improvements for the Jones-Holt property on Highway 23-441 North of Franklin, North Carolina on or about February 23, 1995.

C. Your removal from the Macon County Health Department of the files, maps and other information identified for you in the letter dated October 31, 1996, from County Attorney R. S. Jones, Jr.

D. Your discussions with and instructions to Mr. Eric Townson, between December of 1993 through April of 1996, which lead to the preparation of plans and architectural drawings in connection with the proposed Health Department expansion which were for improvements costing far in excess of available funds or funds committed for the project, all without the knowledge or consent of the Board of Health or of the Macon County Board of Commissioners.

E. Your failure to observe and abide by established county policies in the following respects:

(1) Your use of the county automobile to make a personal trip out-of-state, on or about March 11, 1996.

(2) Your removal from the premises of the Macon County Health Department, for the personal use, of Health Department property, consisting of, among other things, a camcorder and notebook computer, which were not returned until October of 1996.

(3) You conducting your personal affairs during regular work hours at the Macon County Health Department by, among other things allowing your personal debtors to make collection calls to Health Department personnel and to yourself, and your accepting visits from debt collectors, representatives of banks and other non-Health Department related individuals.

(4) Your failure to maintain an appropriate supervisory relationship with employees under your direct supervision in that you conducted an improper relationship with Cynthia H. Kinsland.

(5) Your failure to maintain or cause to be maintained complete personnel files on all employees of your department in the office of the County Manager as required by county policies.

2. Job related conduct which constitutes a violation of state or federal law in that:

a. You did violate N.C.G.S. § 159-181 by submitting for payment with your approval and authorization invoices for architectural services which were in excess of funds of budgeted and/or authorized by contract. In particular the invoices submitted by Eric Townson, AIA under date of May 6, 1996, requesting payment of \$12,500 which was paid.

b. You did authorize and direct the transfer of 200 units of Flu Vaccine, the property of Macon County Health Department having a value of approximately \$500, to the Highlands-Cashiers Hospital, without compensation or reimbursement therefore, and without documentation supporting this transfer and further without express authority of the Macon County Board of Health during the Fall Flu Seasons of 1994 and 1995. (See Petitioner's Exhibit Number 1).

17. Prior to the receipt of the Dismissal Letter, the Petitioner had received no warnings under the State Personnel Act for alleged instances of failure in respect to the performance of his duties. The dismissal letter delineated all allegations in terms of "unacceptable personal conduct." (See Exhibit Number 1.)

18. The Petitioner duly filed this petition for a contested case, and the matter has been before this Court for

determination since February of 1997.

19. The factual matters for each specific allegation contained in the pre-dismissal letter will now be addressed by the Court:

ALLEGATION # 1A

1. The Board of Health held a meeting on September 10, 1996 and went into executive session. The purpose for going into the executive session was to talk with the Petitioner concerning two matters: 1) his use of a county car for his trip to Clayton, Georgia on March 11, 1996, and 2) the Petitioner's borrowing \$400 from James Keener, on March 22, 1994, when Kenner was a septic tank installer in Macon County.

2. The issue concerning the trip to Clayton, Georgia came up before, in the spring of 1996. The issue concerning the borrowing of money from James Keener was brought to the board's attention, after an unknown person left a copy of a promissory note from the Petitioner to James Keener in Chairman Dalton's pickup truck.

3. During the course of this meeting on September 10, 1996, Chairman Al Ledford specifically inquired of the Petitioner as to "whether there were any more of these loans out there".

4. Chairman Ledford testified, during the course of the proceedings in this case, that he meant, by that question, whether there were any more loans from septic tank installers since Keener was a septic installer in Macon County.

5. This was confirmed by Mike Cummings, who also testified during the course of proceedings in this case.

6. The Petitioner understood the question to be addressed solely to septic tank installers.

7. The Petitioner answered the question "No" in that he was replying that he did not know of any loans from septic installers other than James Keener.

8. Other members of the board, including George Sweet, testified during the course of the proceedings that they understood Chairman Ledford's question to address any other loans. The best evidence of what the question addressed is what the propounder intended and what the recipient understood it to address.

9. While George Sweet testified that he also asked Simpson about other loans during the course of this conversation, it is the statement of Chairman Ledford that is referenced in the dismissal letter and relevant to the inquiry in this case.

10. The Petitioner had advised prior Health Board members, including Dr. Fisher, Dolan Bates, and other members of the board concerning the necessity of his borrowing money from individuals that he knew in the community during the years 1994 and 1995.

11. Petitioner had borrowed money from individuals who were his friends, with the knowledge and consent of the Board of Health. They were: Eric Townson, Al Byers, Mr. Bryson, Annabelle Houston, and Sue Dean.

12. All of these individuals testified that they loaned the Petitioner money because of their personal relationship with him.

13. There is no evidence that any of these individuals received any favor, gift, or preferential treatment in dealing with the Health Department. None was a septic tank installers. (See Petitioner's Exhibit Number 25).

14. Kenner knew the Petitioner for thirty (30) years. Keener made loans to people and required them to pay interest, and sign notes. In respect to the Petitioner, this procedure was followed, and the loan was repaid with interest.

15. Townson knew the Petitioner for eighteen (18) years. Again, he charged interest on the loan, and the Petitioner repaid him with interest.

16. Al Byers knew the Petitioner for some period of time because he was the CEO of the Highlands-Cashiers Hospital. The Byers loan was repaid with interest.

17. Sue Dean knew the Petitioner for forty-six (46) years. She made the Petitioner a loan, and it was repaid with interest.
18. Annabelle Houston knew the Petitioner for thirty (30) years. She was repaid with interest.
19. Mr. Lou Capaforte, and Neville Bryson never loaned the Petitioner any money.
20. The dismissal letter does not specifically accuse the Petitioner, in paragraph 1A, of making illegal or improper loans.
21. The dismissal letter, in paragraph 1A, accuses the Petitioner of making an untruthful statement to the Board of Health on September 10, 1996.
22. The Petitioner sought and received permission from the Chairman and Vice Chairman of the Board of Health to talk with some of his friends to try to obtain needed loans.
23. There is no competent evidence that any of the individuals from whom the Petitioner obtained loans received any favorable treatment, benefit or "quid pro quo" from the Macon County Health Department or Petitioner in return for their extension of a personal loan to Petitioner.

ALLEGATION #1B

1. The Macon County Building and Inspection Department was headed during the period of time in question, February 23, 1995, by Mr. Bill Cook.
2. It is alleged that the Health Director removed, improperly, a file concerning the "Jones-Holt property" from this department on or about February 23, 1995.
3. Bill Cook testified during the course of the trial in this case that the file had disappeared from the Health Department, but he had absolutely no evidence that the Petitioner has removed it. On the date the file was suppose to have been removed improperly, Mr. Cook testified that the Petitioner asked for a copy of the file and he gave Petitioner a copy.

ALLEGATION #1C

1. The matters set forth in allegation 1C concern the alleged removal of certain files and maps identified in the letter dated October 31, 1996 from County Attorney R. S. Jones, Jr.
2. The files, maps, and other information were not stated or identified in the dismissal letter.
3. The Respondents are required to identify the specific information which they alleged to have been removed from the Health Department in the dismissal letter, in accordance with the holdings of Employment Security Commission of North Carolina v. Wells, 50 N.C. App. 389(1981), and Myers v. Department of Human Resources, 92 N.C. App. 123, cert. denied, 324 N.C. 247 (1989).
4. The Petitioner did not intentionally remove the personnel file of Vicki Provencher when he left the Health Department on September 30, 1996. This file was returned after the Petitioner realized he had it in his possession.
5. Removal of any files, maps, or other matters from the Health Department by the Petitioner was inadvertent, and was done due to the short notice Petitioner was given to pack and leave the premises.

ALLEGATIONS #1D

1. The Macon County Health Department was engaged in an expansion project from 1993 through the middle of 1996. This expansion project involved a substantial expansion of the Health Department's facility.
2. The present Health Department facility was built some years ago. Mr. Eric Townson, a qualified architect from an adjoining county, was the architect.

3. Townson has been involved in the architectural plans and drawings for a number of governmental expansion projects in the Western North Carolina. He is a qualified architect, and an expert in the field of architectural planning for governmental expansion projects, and the costs thereof.

4. Townson originally entered into a contract with the Macon County Board of Commissioners which set his architectural fee at a percentage basis of eight percent (8%), based upon an expansion project costing \$500,000.00.

5. The normal architectural fee for governmental expansion projects is a percentage of the overall cost of the project. As the project increases in cost, the percentage generally decreases.

6. It was originally contemplated that the Health Department expansion in Macon County would be a two-story addition. The county originally budgeted \$500,000.00 from the county for this project. It was contemplated that various grants would be obtained by the Health Department to supplement the funds provided for from the county, in order to finance this operation.

7. The original approval of \$500,000.00 and the architectural fee based thereon was in no way contemplated to be the final cost of the project or the final amount that would be available to complete the project. It was contemplated by the Board of Health, and others that the project would be built based upon all available funds that could be found.

8. From December of 1993 until April of 1996, the Petitioner herein with the full knowledge and consent of the Board of Health, engaged in various activities to try to carry out the expansion project.

9. An estimated cost for the expansion of \$1.5 million was submitted by Mr. Townson, which would have increased his architectural fee substantially. Additional budgets of \$800,000.00, and \$1.08 million were submitted for the project. (See Petitioner's Exhibits #30).

10. The plans and drawings were changed on at least two or three occasions.

11. The Petitioner applied for the various grants that he needed (See Petitioner's Exhibit Number 11), and as evidenced by the minutes of the Board of Health meetings, kept the Board of Health informed about what was going on. (See Petitioner's Exhibit Number 3.6).

12. Sometime in the Spring of 1996, after Terry Dalton came on the Board of Health, a controversy arose regarding the payments for these architectural fees.

13. In respect to the allegations contained in this paragraph, the Court finds that the Petitioner has demonstrated, by a preponderance of the evidence, that he kept the Board of Health and the Macon County Board of Commissioners informed concerning the architectural plans and drawings.

14. He sought their approval and obtained approval for funds to be paid to the architect for the preparation of these plans and drawings at the Macon County Board of Commissioners meetings (See minutes of Board of Commissioner meeting of 7 November 1995, Petitioner's Exhibit #15).

ALLEGATION #1E

Allegation 1E contains five separate sub parts, which allege violation of county policies in respect to particular matters. These will be addressed in order:

Allegation 1E(1)

1. On the morning of March 11, 1996, the Petitioner herein was contacted by Mr. Fred Munger, who is the County Commissioner and liaison to the Macon County Board of Health from the County Commissioners.

2. At that time, the Macon County Board of Health was in the process of moving into certain facilities located at the old Highlands-Cashiers Hospital. Mr. Munger had been tasked by the Board of Health with the responsibility of coordinating this project with the Petitioner.

3. Mr. Munger wanted to meet the Petitioner at the Highlands-Cashiers facility in order to go over those plans.

However, Mr. Munger's daughter had a doctor's appointment that afternoon, and he had to have this meeting at a certain time.

4. The Petitioner advised Mr. Munger that he had some personal business in Clayton, Georgia that he needed to take care of during the middle of the day. He told Mr. Munger that it would be necessary for him to take the county car home, obtain his personal vehicle, go to Clayton, Georgia, come back to Franklin and get the county car and drive to Highlands-Cashiers. He indicated to Mr. Munger that he could not meet him at the time requested but would meet him later in the day.

5. Mr. Munger told him that the time that he had set was the only time that he could meet Petitioner and that the Petitioner needed to take the county vehicle to Clayton, Georgia, take care of his business, then drive to Cashiers, and meet Mr. Munger at the facility.

6. The Petitioner protested that he did not want to get in any trouble concerning his mileage and the use of the county vehicle. Mr. Munger assured him that there would be no difficulty whatsoever with this, and that he needed to do it in order to meet Mr. Munger.

7. In accordance with these instructions, Petitioner went to Clayton, Georgia, did some personal business with the bank, and, in accordance with Mr. Munger's instructions, then drove to Cashiers and met Mr. Munger at the facility. Clayton, Georgia is located a short distance, just over the state line, from Franklin, North Carolina.

8. Both the Petitioner and Mr. Munger were seen at the Highlands-Cashiers Hospital by Claudette Burston, who worked there. She saw them on the afternoon in question.

9. Subsequently, it was discovered that the Petitioner had been followed to Clayton by a citizen who was interested in the outcome of the Vicki Provencher firing case. This citizen made a report concerning this trip to the Board of Health, and it appeared in the newspapers in Macon County in approximately April of 1996.

10. The Macon County Board of Health dealt with this issue on several occasions, including specifically on September 10, 1996. At the September 10, 1996 meeting the Board of Health took a vote and decided to require the Petitioner to repay the county \$15.00 for using the county vehicle to go to Clayton, Georgia, and to place a reprimand in his file.

ALLEGATION 1E(2)

1. On the night of September 30, 1996, the Petitioner was told to pack his belongings and move out of the Macon County Health Department. At that time there was a notebook computer located in his office.

2. This notebook computer was still located in his office the next morning, when it was specifically seen by Nancy Rathbone. Nancy Rathbone is employed as an Administrative Assistant at the Macon County Board of Health.

3. This personal computer was later given to Anne Hyder, by Sam Greenwood, who was the Acting Health Director since the Petitioner's removal.

4. A camcorder was kept in the Petitioner's vehicle and was used for Health Department business. Petitioner returned it the day after being placed on investigatory leave.

5. The camcorder had been available to other employees of the Health Department for both personal and business use.

6. Petitioner used the camcorder for personal use by filming a wedding.

ALLEGATION #1E(3)

1. There was evidence introduced in the course of the hearing in this case that the Petitioner was visited, on one occasion, at the Macon County Health Department by two people in black suits.

2. There is no evidence whatsoever as to the identity of these individuals, or that they in any way attempted to collect any debt from the Petitioner herein.

3. There are no specific allegations contained in this allegation identifying the persons, dates, or events, which are

described herein in sufficient particularity for Petitioner to adequately defend against these allegations. (See Employment Security Commission of North Carolina v. Wells, *ibid.*).

4. There was no evidence produced during the hearing that the Petitioner conducted personal business affairs during regular work hours such that he was unable to carry out his functions or act in his capacity as Health Director of Macon County.

ALLEGATION #1E(4)

1. Allegation 1E(4) was added by Richard Jones, Sam Greenwood, Terry Dalton, and Nancy Rathbone after the Board had considered the matters set forth in the dismissal letter. The Board of Health never considered anything about Allegation 1E(4), did not vote to dismiss the Petitioner for this allegation, and heard no evidence regarding it.

2. There was no competent evidence introduced during the course of the trial of this case which supports the allegations contained in paragraph E(4).

3. Since the Board neither voted on nor considered this allegation, this allegation was improperly placed in the dismissal letter by Richard Jones, Terry Dalton, Sam Greenwood, and Nancy Rathbone.

ALLEGATION #1E(5)

1. The issue of the maintenance of personnel files for employees of the Health Department is an issue between county policy and state law.

2. Pursuant to the State Personnel Act, and specifically the manual for local employees subject to the State Personnel Act, certain personnel records are required to be maintained in the Health Department so that they can be checked by State Personnel authorities.

3. Mrs. Martha Gouge Banks from the Regional Personnel Office for the State of North Carolina testified that the Macon County Health Department, so far as she knew, was in compliance with the State Law concerning the maintenance of these personnel records at the Health Department, and the contents thereof. They had passed each audit that had been done in respect to these personnel records.

4. When Sam Greenwood took over as the County Manager in Macon County some time in August of 1996, he issued memorandums requiring that the county maintain complete personnel records on all persons employed in the Health Department. (See Petitioner's Exhibit Number 21).

5. The Petitioner herein sought guidance from the state, and from the county in respect to where and what was supposed to be done with personnel records for state employees who were also county employees. (See Petitioner's Exhibit Number 21).

6. Some time in late August or early September of 1996 it was decided that complete records would be maintained in the county office, with duplicate copies maintained in the Health Department. This was in accordance with state requirements and county requirements also. This was also the manner in which most Health Departments dealt with personnel files, according to the testimony of Mrs. Martha Gouge Banks.

7. Nancy Rathbone was in charge of maintaining Health Department personnel records. So far as she knew, all materials that were necessary under county policy were maintained in these records.

8. Between the first of September of 1996 and 30 September 1996, the Health Department and the County Manager's office were still working to make sure that all personnel records were properly maintained and contained all necessary information.

9. The Petitioner was placed on investigatory leave on September 30, 1996.

10. The Petitioner did not have sufficient time to determine whether all personnel records were properly maintained in both places at the time that he was placed on investigatory leave.

11. The Petitioner has borne his burden of proof that he did not violate county policy in any way in respect to the maintenance of personnel records, and, furthermore, it is clear that, if it did occur, it would be a performance related violation for which the Petitioner received no prior warnings, and his dismissal cannot be based upon this allegation.

ALLEGATION #2 - ALLEGED VIOLATIONS OF STATE AND FEDERAL LAW.

ALLEGATION #2A

1. During the course of the Health Department expansion project, as referenced in the Findings of Fact set forth herein above, various invoices for payment were submitted by Eric Townson, the architect who had been selected.

2. According to the only competent evidence produced during the course of this hearing, the invoices for these payments represented reasonable costs for work that had been performed by Townson on this expansion project, Townson submitted various invoices depending upon the then existing budget for the expansion operation, and his understanding of appropriate architectural fees based upon the cost thereof.

3. There is no competent evidence that contradicts his fees.

4. The evidence of record is that in the western part of North Carolina, architectural fees are generally set on a percentage of the total overall budget for the building of a governmental unit. In the instant case, there were essentially four (4) different budgets: \$500,000.00, \$1,500,000.00, \$800,000.00, and \$1,008,000.00 (see Petitioner's Exhibits Nos., 30, 11, 12, and 13).

5. The cost allowed for the project would depend upon the amount of monies allowed in the budget, and Townson would set a percentage rate for his fees.

6. An initial payment of \$6,000.00 was made to Townson upon the signing of the original contract with the County Commissioners in the sum of \$500,000.00, representing a down payment on his expected fee of \$40,000.00.

7. It was known that the project would not cost \$500,000.00, but that would be the county's contribution thereto.

8. Funds were being sought from various other grants and other organizations in order to pay these costs.

9. Both Boards knew and approved this approach.

10. Subsequently, Townson submitted other architectural fee requests on various occasions. The initial \$6,000.00 request was not reviewed by the Petitioner herein nor was it approved by him.

11. In the summer of 1995, a controversy arose about Townson's fee. There was concern that his fee, as submitted on invoice, would exceed the amount authorized for the payment of architectural fees for the project.

12. Petitioner went to Walter Hall, who was the County Finance Officer, duly appointed under the provisions of the Local Budget and Fiscal Control Act (N.C.G.S. § 159-181, et. seq.).

13. Hall had an audit done by an independent auditor, which audit appears at Petitioner's Exhibit No. 12, an is delineated page D-6, which indicated that the county had allowed in their budget an overall sum of \$100,000.00 for architectural fees.

14. Hall had some questions concerning the fees, despite this budget item, and addressed correspondence to Townson seeking an explanation of the fees. (See Petitioner Exhibit #12).

15. Hall was eventually able to obtain the explanation necessary from Townson, in writing, as evidenced by Petitioner's Exhibit No. 12.

16. Hall, therefore, approved the payment of the fee.

17. The Petitioner, knowing that the fees has exceeded the sum of \$40,000.00, went to the County Commissioners, and sought approval of a fee in the amount of \$56,430.00. The County Commissioners duly approved this fee, and in the fall of

1995, specifically in November of 1995, Townson was paid in accordance with these two procedures. (See Exhibit No. #17).

18. Townson was paid a little in excess of \$60,000.00 for the architectural work he had done on the project. According to Townson's expert testimony, which has not been refuted in any way by the Respondents herein, he performed a sufficient amount of work to justify this fee in accordance with the amounts of architectural fees normally charged in the western part of North Carolina for this type of project.

19. According to Walter Hall, the County Finance Officer, the amount that Townson was paid did not exceed the authorized amount as set forth in the audited budget referenced herein above which was approved by the auditors for the county, and which appeared in the budget ordinance.

20. Hall approved the invoice submitted by Eric Townson on May 6, 1996. It requested payment in the amount of \$12,500.00, in accordance with the budget ordinance, and in accordance with the provisions of N.C.G.S. § 159-181, et. seq., the Local Budget and Fiscal Control Act.

21. In an audit conducted by the State of North Carolina in respect to funds paid by the County in the year 1996-1997, specifically addressing whether there had been violations of the Local Budget and Fiscal Control Act and the payment of invoices when compared to budgeted items, the State of North Carolina did not find that the payment to Townson on May 6, 1996 was in violation of such Act, or constituted an exception to such Act (see Respondent's Exhibit No. 13).

22. Based upon these Findings of Fact, the Petitioner herein did not violate any responsibilities under the Local Budget and Fiscal Control Act.

23. All the funds paid to Townson were paid from a WIC grant, with specific approval from the State of North Carolina, and the administrator who administered such funds. The county has not expended any of its funds for the payment of the architectural fees in this case (See Petitioner's Exhibit No. 13).

24. There is no competent evidence that Petitioner received anything of value, commit any fraud or any willful, intentional or other violation in this Act as alleged.

ALLEGATION 2B

1. In respect to the transfer of two hundred units of flu vaccine to the Highlands-Cashiers Hospital, the Petitioner entered into an arrangement with Mr. Al Byers, the CEO of Highlands-Cashiers Hospital, wherein the Health Department, as a public service, would provide flu vaccine to the hospital to be administered by hospital nurses in return for the Health Department receiving free space, and the benefit of renovations at the old Highlands-Cashiers Hospital at no cost.

2. This matter was brought before the Health Board, and was specifically approved by the Health Board.

3. Macon County received something of value far in excess of the value of the flu vaccine for the transfer of this flu vaccine to the Highlands-Cashiers Hospital.

4. The flu vaccine was worth less than \$500.00. The reasonable value of the rental space received by Macon County for free was approximately \$1,200.00 per month. The renovation cost was many thousands of dollars.

5. According to competent evidence, the transfer of services and materials to hospitals, within counties located in western North Carolina, in return for other services to be provided by Health Departments from those hospitals, is a normal way of doing business in that part of the state.

6. Specific approval of the Board of Health for the transfer of these units of flu vaccine, in return for the consideration received, did not constitute a violation of State Law or county policy and was an economic benefit to the Macon County Health Department.

7. This was a reasonable arrangement entered into and approved by the Board of Health, with the County getting the better part of the deal. It was a win-win arrangement for the citizens of Macon County.

8. There was a shift in the composition of the Boards at the time Petitioner's termination letter was issued.

9. One or more alleged violations occurred as early as 1994.

CONCLUSIONS OF LAW

1. This Court has jurisdiction over the subject matter of this action and the parties hereto.

2. The Petitioner herein is a career state employee, who is entitled to the protections of the State Personnel Act, and the relevant regulations adopted by the State Personnel Commission in respect to his discharge as the Health Director in Macon County.

3. Under the provisions of 25 NCAC 11.2302(a), the definition of dismissal for unsatisfactory performance of duties established by the State Personnel Commission is as follows:

Unsatisfactory job performance is work related performance that fails to satisfactorily meet job requirements as specified in the relevant job description, work plan, or as directed by the management of the work unit or agency.

In order to reflect a dismissal for unsatisfactorily performance of duties:

An employee must receive at least two prior disciplinary actions:

First, one or more written warnings; followed by a warning or other disciplinary action which notifies the employee that failure to make the required performance improvements may result in dismissal.

(See 25 NCAC 11.2302(c))

4. Under the provisions of 25 NCAC 11.2304, dismissal for personal conduct is defined by the State Personnel Commission as follows:

- (1) conduct for which no reasonable person should expect to receive prior warning; or
- (2) job related conduct which constitutes a violation of state or federal law; or
- (3) conviction of a felony or an offense involving moral turpitude that is detrimental to or impacts the employee's service to the agency; or
- (4) the willful violation to known or written work rules; or
- (5) conduct unbecoming an employee that is detrimental to the agency's service; or
- (6) the abuse of client(s), patient(s), student(s), or a person(s) over whom the employee has charge or to whom the employee has a responsibility, or of an animal owned or in the custody of the agency; or
- (7) falsification of an employment application or other employment documentation; or
- (8) insubordination which the willful failure or refusal to carry out a reasonable order from an authorized supervisor. Insubordination is considered unacceptable personal conduct for which any level of discipline, including dismissal, may be imposed without prior warning; or
- (9) absence from work after all authorized leave credits and benefits have been exhausted.

5. The Petitioner, in answering Chairman Ledford's question, answered it truthfully, in that he had no other loans from septic tank installers. The Petitioner's reply was based on his understanding of the question asked on September 10, 1996.

6. Based on the record before the Court, as the County Health Director, there was nothing wrong with the Petitioner obtaining a copy of the Jones-Holt file.

7. The Petitioner, based upon all the evidence presented during the course of this case, did not remove this file from the Building and Inspection Department at the time or place alleged. The file is presently in the Department (See Petitioner Exhibit Number #10).

8. The Board of Health, in taking final action with respect to the trip to Clayton, Georgia at the September 10, 1996 meeting, cannot again use that as a basis for his dismissal per the January 13, 1997 letter.

9. The Court concludes, as a matter of law, that one of the allegations contained in the dismissal letter, was not voted on or considered by the Board. Therefore it cannot serve as a basis for the Petitioner's dismissal; that allegation is Allegation Number 1E(4).

10. In respect to Allegation Number 1E(1), the use of the county automobile to make a personal out-of-state trip, the Court concludes as a matter of law that the Board of Health met, considered that allegation, and voted to issue the Petitioner a reprimand for that allegation, and make him repay the county \$15.00 for the use of the county automobile. This constitutes a prior disciplinary action under the provisions of the State Personnel Act, and the Board cannot change that disciplinary action, and use it as a basis for the Petitioner's dismissal at this time.

11. The Petitioner made no false statements regarding loans to the Board on September 10, 1996, as alleged in the dismissal letter.

12. Petitioner has proven, by a preponderance of the evidence, that he did not remove the Jones-Holt Inspection file from the Macon County Building and Inspection Department on February 23, 1995. Therefore that allegation cannot serve as a basis for his dismissal.

13. Based upon the reasonable evidence, Petitioner's removal of files or other materials from the Health Department on September 30, 1996, was inadvertent, and such inadvertent removal of files, maps, or other information does not constitute a personal conduct violation under the definition set forth herein above.

14. Although Respondent's letter of dismissal did not directly list the borrowing of money from Eric Townson, Al Byers, Lou Capaforte, Mrs. Neville Bryson, Annabelle Houston, and Sue Dean as reasons for Petitioner's termination, evidence was fully presented by each side regarding these allegations through witnesses. The Court finds that:

- (a) Borrowing money from Eric Townson was in violation of 25 NCAC 11.2304(4) and (5) and Article VI Section 2, Subsection A, B, C, and D of the Macon County Personnel Policy.
- (b) Borrowing money from Annabelle Houston and Sue Dean was in violations of 25 NCAC 11.2304(4) and (5) and Article VI Section 2, Subsection A, B, C, and D of the Macon County Personnel Policy.
- (c) There was no violation of the Administrative Code or County Personnel Policy regarding Al Byers, Lou Capaforte or Mrs. Neville Bryson.
- (d) Borrowing money from James Keener was a violation of 25 NCAC 11.2304(4) and (5); Article VI Section 2 and Article VI Section 8, Subsection A, B, C, and D of the Macon County Personnel Policy.

15. The personal use of the camcorder was in violation of Macon County Personnel Policy, Article VI Section 2.

16. Petitioner has demonstrated, by the preponderance of the evidence, that he did not borrow any money from Lou Capaforte or Mrs. Neville Bryson.

17. Petitioner has demonstrated, by the preponderance of the evidence, that he did not improperly remove a camcorder or a notebook computer from the Health Department.

18. Petitioner has demonstrated, by the preponderance of the evidence, that he did not conduct personal business

affairs during regular work hours in violation of State and County Personnel Policy.

19. Petitioner has demonstrated by the preponderance of the evidence, that he did not fail to maintain or cause to be maintained complete personnel files in the office of the County Manager, and further concludes that the Petitioner's decision to maintain duplicate files at the county office and the Health Department is in accordance with generally accepted practice as followed by Health Department in respect to the maintenance of files for local personnel who are subject to the State Personnel Act.

20. Petitioner did not violate the provisions of N.C.G.S. § 159-181, et. seq., the Local Budget Fiscal Control Act, by submitting for payment to the County Finance Officer an invoice submitted by Eric Townson dated May 6, 1996 requesting payment in the amount of \$12,500.00.

21. Petitioner has demonstrated, by the preponderance of the evidence, that payments made to Eric Townson were justified under the county budget, as audited, that such payments were in accordance with work performed by Eric Townson, and that such payments were reasonable, appropriate, and in accordance with the normal charges for services performed by architects in the Western part of North Carolina for similar services as performed by Eric Townson in respect to the county health department expansion project.

22. Petitioner has demonstrated, by a preponderance of the evidence, that the transfer of the 200 units of flu vaccine to the Highlands-Cashiers Hospital was specifically approved by the Board of Health, that such approval was justified and appropriate in light of consideration received by Macon County for such transfer, which consideration far exceeded the monetary value of the flu vaccine, that such was done in accordance with generally accepted procedures followed by Health Departments in Western North Carolina, and that such did not constitute a misuse, misapplication, or misappropriation of county funds or property in any way.

Based upon the above Findings of Fact and Conclusions of Law, the undersigned makes the following

RECOMMENDED DECISION
